## TRUST COTTON WITH YOUR PROPERTY PRESERVATION & RESTORATION

Cotton Global Disaster Solutions is a full-service company with decades of experience in commercial restoration and construction. Whether you're looking to expand a facility, remodel an existing structure, or need repairs due to property damage or loss, Cotton GDS has the resources, expertise, and skills needed to help.

### BACKED BY DECADES OF EXPERIENCE

After 20 years of providing restoration services to data centers and energy facilities, Cotton GDS understands the unique requirements of the industry. Whether you're a data center needing assistance with the development of a minor project or a third-party firm executing a large emergency project, Cotton GDS is here to assist.

From minor requests to emergency services, Cotton GDS has the experience your team needs to carry out a project from Project Logistics to general construction and construction management. Our experts work alongside your team to accomplish one or all phases of your project.
