Hit The Beach and Find Your "Blue Mind"

In his book, *Blue Mind: The Surprising Science That Shows How Being Near, In, On, or Under Water Can Make You Happier, Healthier, More Connected, and Better at What You Do,* Marine Biologist Wallace J. Nichols explores the the emotional, behavioral, psychological and physical connections that keep us so enchanted with water.

"The blue mind of the book's title refers to the neurological, psychological and emotional changes our brains experience when we are close to water. Nichols draws on science and art, hard data and anecdote, and plenty of experience, to explain our blue mind in detail. Not just what it is, but how we can enter into this state and — perhaps most important — why we should do so," writes [Nicola Joyce for The Washington Post](#).

Of course, these assertions will not come as a surprise to those of us who live in or frequently visit Cannon Beach.

I invite you to explore your Blue Mind starting this weekend with 2 options for practice outside on our beautiful beach. Beach Yoga with Shelley Behrman starts Sunday, June 3 (Happy Birthday, Lolly!) thru September 2. And Kathleen Bell will lead 4 Sunday Sunset Meditations. See the details below or [Sign-up](#).

Plus we'll have Restorative Yoga with Claire Mittelstet this **Friday night from 6-7:30**. Please sign up before because this is usually a full class.

Last month Star Weitman and I debuted a class that combined Restorative Yoga and the healing properties of Gemstones. We offered it twice and it sold out both times. We will offer it again Friday, June 22 from 6-7:30: [Earth Energy Medicine and Restorative Yoga](#). Please register early to ensure your spot.

Hope to see you on the mat, soon!

In Gratitude,
Christen Allsop

**Earth Energy Medicine & Restorative Yoga
with Star Weitman & Christen Allsop
Friday, June 22
6:00-7:30pm, \$40**

Therapeutic gemstones and crystals are a vital part of the natural pharmacy of the earth. During this restorative evening we will explore the basic and effective techniques of gemstone energy medicine, and experience simple self-treatments while in Restorative Yoga postures to clear, align and offer pain relief for the body, mind, spirit and emotions.

Earth energy medicine uses the body's inherent healing force to nourish and heal us in multiple ways. Each type of gemstone embodies a unique energy that can focus and amplify this healing force and produce specific therapeutic effects. Restorative Yoga postures deeply relax the body and help to bring us into the Parasympathetic Nervous System, our Rest & Digest system. This is where deep relaxation can happen to enable transformation in the unconscious and subconscious parts of the mind.

We will also learn and practice energy clearing and balancing techniques to harmonize, energize and protect the environments we live and work in so they can support us in health, prosperity and well-being.
