

Smith's Drugs Player of the Week

What is Player of the Week?

Smith's Drugs Player of the Week is our own independent program to acknowledge one top male and one top female athlete per week for in season high school sports during the school year and for regular season competition only.

How it works-

Smith's Drugs contacts school Athletic Directors directly and they, with input from their coaches, put forth name(s) with statistics and/or other information they choose to include.

Selection Process for Player(s) of the Week-
Smith's Drugs has an independent individual who is fully knowledgeable of county sports who then takes all information and suggests who should win the Player(s) of the Week.

What Player(s) of the Week are awarded-
Smith's Drugs then awards a coupon to the winner(s) for the soda fountain, a certificate, and post on our social media accounts. Each winner can choose any game pictures for the social media posts.
