NATIVE HAWAIIAN OR OTHER PACIFIC ISLANDER UNKNOWN OTHER

IS THIS YOUR FIRST COVID TEST Y / N (CIRCLE)

ARE YOU A HEALTHCARE EMPLOYEE Y / N (CIRCLE) WHEN DID THESE SYMPTOMS BEGIN? _____

CREDIT CARD NUMBER _____ EXP DATE _____ CVV _____

COVID-19 Testing : Informed Consent

Please carefully read and sign the following Informed Consent:

1. I authorize Ivylea Pharmacy to conduct collection and testing for COVID-19 through a nasopharyngeal swab. Based on my results, additional testing may be needed for confirmation.
2. I authorize my test results to be disclosed to the county, state, or to any other governmental entity as may be required by law.
3. I understand that I am not creating a patient relationship with Ivylea Pharmacy by participating in testing.
4. I understand that Ivylea Pharmacy is not acting as my medical provider, this testing does not replace treatment by my medical provider, and I assume complete and full responsibility to take appropriate action with regards to my test results. I agree I will seek medical advice, care and treatment from my medical provider if I have questions or concerns, or if my condition worsens.
5. I understand that the antigen test will produce one of two results; a positive test result indicates that antigens for SARS-CoV-2 were detected, and I am infected with the virus and presumed to be contagious. I must self-isolate and/or wear a mask or face covering as directed in an effort to avoid infecting others. A negative test result means that antigens for SARS-CoV-2 were not present in the specimen above the limit of detection. A negative test result means that antigens/viral RNA for SARS-CoV-2 were not present in the specimen above the limit of detection. However, for an antigen rapid COVID-19 test, a negative result does not rule out COVID-19 and should be treated as presumptive and confirmed via a molecular assay, if necessary for patient management.
6. I understand that, as with any medical test, there is the potential for a false positive or false negative COVID-19 test result.

I, the undersigned, have been informed about the test purpose, procedures, possible benefits and risks, and I have received a copy of this Informed Consent. I have been given the opportunity to ask questions before I sign, and I have been told that I can ask additional questions at any time. I voluntarily agree to this testing for COVID-19 and I acknowledge that I have read, understand, agree, certify and/or authorize the information above and further agree to hold harmless Ivylea Pharmacy, including its employees, agents, and contractors from any and all liability and claims.

HIPAA Email Consent

VERY IMPORTANT! PLEASE READ!

- HIPAA stands for the Health Insurance Portability and Accountability Act
- HIPAA was passed by the U.S. government in 1996 in order to establish privacy and security protections for health information
- Information stored on our computers is encrypted
- Most popular email services (ex. Hotmail®, Gmail®, Yahoo®) do not utilize encrypted email
- When we send you an email, or you send us an email, the information that is sent is not encrypted. This means a third party may be able to access the information and read it since it is transmitted over the Internet. In addition, once the email is received by you, someone may be able to access your email account and read it.
- Email is a very popular and convenient way to communicate for a lot of people, so the federal government has provided guidance on email and HIPAA. See <https://www.hhs.gov/hipaa/for-professionals/faq/570/does-hipaa-permit-health-care-providers-to-use-email-to-discuss-health-issues-with-patients/index.html>
- The guidelines state that if a patient has been made aware of the risks of unencrypted email, and that same patient provides consent to receive health information via email, then a health entity may send that patient personal medical information via unencrypted email

*****I understand the risks of unencrypted email and do hereby give permission to IVYLEA Pharmacy to send my COVID test results via unencrypted email.**
