A PROVEN PROCESS TO A BETTER-MAINTAINED FACILITY

1. CONSULTATION

The path begins with listening — a scheduled time for understanding your needs and challenges. What's important? What's worked? What hasn't? Is there anything that needs attention urgently? Is there anything that has been neglected that needs to be addressed before a routine maintenance schedule can begin?

2. PREPARE PROPOSAL

Our next step is to prepare a proposal that is tailored to your immediate and ongoing goals. This proposal will include details of all aspects of the service being offered, a contract, and pricing.

3. REVIEW PROPOSAL

We review the proposal with you to confirm that we have understood your needs. In this review we also explain our processes, including how we regularly monitor and measure our service to ensure that we deliver on our promises.

4. GET STARTED

Once you sign up for cleaning services, we have a thorough walk-through and initial cleaning process that engages both our staff and the franchisee at your site. We use these proven procedures to make sure that we launch your new service on the right foot and maintain accountability for the commitments we've made to you.

5. INTEGRISERV-CLEAN

We want you to feel that your facility is not just clean — it's IntegriServ-Clean. We have a proven system of cleaning that delivers results. We have a proven business model that delivers the service that merits our IntegriServ-Clean Guarantee.
