Why Choose a Franchise?

- We've already figured out: 1) How to get customers, 2) How to get paid, 3) Where to get supplies.
- After 5 years, franchise businesses have an 80% higher success rate than non-franchise startup businesses.

Why Choose the Commercial Cleaning Industry?

- The commercial cleaning industry is growing. Today, sales are over \$160 billion, and are projected to rise to over \$180 billion in five years.
- Commercial cleaning and janitorial services are robust in a weak economy. Commercial property managers must keep their properties clean, even during times of change.
- Traditionally, commercial cleaning customers feel poorly serviced. There is a wealth of opportunity for businesses owners who provide SERVICE with INTEGRITY.

Why Choose an Integeri-Serv Cleaning Franchise as MY Business?

- Our Franchises have serviced Ohio for over 20 years!
- Franchisees learn our cleaning techniques, products, and customer relationship management.
- Low cost options for starting and growing your business.
