

ORVIL PILOT BIT SAVES CUSTOMER 24 HOURS ON ONE BORE

WHAT IS YOUR TIME WORTH?

- Customer was drilling 28 minutes per rod with a mill tooth roller cone bit.
- The 6.5" Y513 increased the drilling speed by over 300% to 8 minutes/rod saving the customer thousands of dollars.
- Don't waste time using old roller cone technology, get a modern tool that is Engineered for HDD.
