RE: Your Health Pharmacy – Serving Wound Care Across Florida

Dear Prescriber:

As I believe you're aware, Your Health Pharmacy is a Compounding Pharmacy that has exceptional customer service, can ship medications directly to a patient's residence anywhere within the state of Florida, and is a network provider for numerous private, Medicare Part D, Medicaid, and federal insurance plans.

Inside, this folder, I've included one of our order forms (multiple others are available that we'd love to discuss) for medications frequently prescribed to treat infections utilizing BASSA-GEL™, Solution, or Powder delivery methods. You can view information related to BASSA-GEL™ by going to www.bassagel.com or scanning the QR Code below.

Your Health Pharmacy would love to have the opportunity to serve you and your patients. I can have one of my colleagues come by your office and discuss the services we provide, or we can schedule a virtual call if that would be more convenient.

Bottom line, we'd love to talk and see if there is interest in the services that we provide. Please feel free to contact me by email at rx@yhpharmacy.com or call me at 954.283.7075 if we can be of any assistance.

Sincerely,
