

"HOME ON THE RANGE" SCIENCE WORKSHOP FOR K-5TH GRADE TEACHERS

ROB AND BESSIE WELDER WILDLIFE FOUNDATION
JUNE 15-16, 2015

Day one of the workshop will explore the Foundation's Rangelands K-5th curriculum guide, which focuses on science, integrates social studies, and uses language arts and math skills. Lessons include hands-on investigations of day and night, moon phases, plants, wildlife, adaptations, and habitat. **Day two** will focus on field investigations in south Texas ecosystems and will provide fun and exciting ways to work with students in nature!

The cost for workshop participants who wish to stay overnight is \$65, which covers 2 lunches, 1 breakfast and snacks, and lodging. **The cost for workshop participants who do not wish to stay overnight is \$35**, which covers lunch both days and snacks.

Free curriculum guide included for everyone!

Location: Welder Wildlife Foundation, Sinton, TX

Time: 9:00 AM—4:00 PM both days

Contact Meg Streich at (361) 364-2643 or e-mail her at mstreich@welderwildlife.org to register. Workshop space is limited to 30 teachers!
