

Westcave Nature Color Wheel Scavenger Hunt

Take a closer look and discover the colors that surround you on your nature walk. Before you arrive at Westcave Preserve, print out the color wheel below and cut along the dotted lines. When you arrive at the preserve take out your color wheel and try to find each color along your walk. When you discover a color take a photo of it. Don't forget to mark it off with tickmarks each time a color is found.

Challenge: Try to find at least one natural object of every color while at Westcave.

Wrap up Questions

At the end of your hike, try answering the following questions:

- Did you find every color?
- Were some colors more predominate than others?
- What color attracted you the most?

At Home Extension:

Continue your color journey with any or all of the activites below:

1. Create Your Nature Color Wheel: With the color photos you took at Westcave, assemble them into a color wheel either on a computer on by printing them out.
2. At Home Nature Color Wheel: Try the Color scavenger hunt again with natural objects in your frontyard, backyard, or nearby park
3. Man-Made Color Wheel: Now that you have finsihed your outdoor color scavenger hunt try it again inside your home. This time collect at least one item of each color and arrange into a large color wheel.
