"We are thrilled to honor Bonnie Boroian (Founder of Blissfully Better) this year as our Leighan Roberts Rinker Angel of Hope! Bonnie is a tremendous advocate of our mission and is tireless in her efforts to help us expand awareness, especially when it comes to education about Human Trafficking. We have watched Bonnie build her "Blissfully Better" business from the beginning, and are thankful for how she shares our work through her marketing and sales, donating a portion of proceeds back to our mission." FITNESS WITH DARYL RICHARDSON 10:00 AM Saturday MEMBERS ONLY!

Speaking from personal experience, Daryl is terrific! Her class is modified for those of us who might be fitness phobic, but challenging enough for others who are used to moving the body. We encourage you to support TRC's efforts to give back to our members! The plan is to open to non-members (for a small fee). So check it out now & support the initiative!

Ladies: To understand the legacy associated with our organization to BC/EFA: Their Director, Tom Viola, has supported "us" from the very beginning. When we were just starting out, he donated \$1,000 to our bank so we could have a "business" account. He/They supported our Centennial efforts, our 105th Anniversary event and now we now have \$2500 sitting in our bank account that he sent in to pay for the theater space for our next Rising Star event. That event has been postponed 2 years now! BC/EFA continues to support us.

BC/EFA funds the Actors Fund - who now sit on our Advisory Board! Look at the work we all benefit from with their support! Our alliance with Webster will directly involve The Actors Fund who support and spearhead subsidized housing for many of our women.

Please! Help us support them. That's how this community was created. Supporting our sisters -- and by extension, our "sister" organizations.

Keep the circle growing. Visit our [Team Page](#) (The Rehearsal Club 1024) and help us grow that bottom line to them from our women of TRC! Thank you!

SISTER SUPPORT

When you walk thru a storm, know you're not alone. This group supported each other when we lived together dormitory style, now in our senior years, we stayed connected thru this pandemic. Each of us has known the power of our collective spirit when facing a crisis. Sending healing prayers to anyone out there who might need them. Pay it forward . . .

Our TRC sister, [Judy Jenson](#) (pictured w/[Denise Pence](#) above), took a spill recently, however, is now well on the road to recovery. The gorilla, named Winston II (after her dog), certainly brought a smile to her face! We're all wishing her a speedy recovery. We posted in our [Facebook Group](#) the address for the rehab -- if you have NOT joined our group, we highly recommend joining for the latest news on our "social" front.
