

# Echo

The Echo scooter has a light weight frame designed for the user on the go. The scooter disassembles into three pieces for portability and storage; with the heaviest part weighing just 35 lb. It has a height adjustable seat, allowing for improved comfort during driving operation. The Echo 3 also comes standard with a quick connect battery pack, solid tires and a basket to store personal items.

- + 250lb weight capacity
- + Quick connect battery pack
- + Removable battery for charging
- + Adjustable seat height

● Red    ● Blue

Model Number: SL73
