

- + 250lb Weight Capacity
- + Keyed Ignition System
- + Solid Flat Free Tires
- + Curved Tiller for More Legroom
- + Up to 8 Miles Range

## Echo +

The Echo + scooter has a lightweight frame designed for the user on the go. The scooter disassembles into three main parts for portability and storage; with the heaviest part weighing just 40 lb. It has a swivel seat to easily enter and exit the scooter, and a curved tiller for more leg room. The Echo + also comes standard with a quick connect battery pack, solid tires and a new larger basket to store personal items.

|                     |               |
|---------------------|---------------|
