# CLASS DESCRIPTIONS

## GENTLE & BEGINNER LEVEL:

**Basic Yoga** introduces basic Yoga postures, breath and concentration techniques. Students are encouraged to work within their own unique ability and limitations. Beginners and all levels welcome.

**Basic Backs** is designed to create and maintain a healthy spine through balance. Emphasis is on the physical, emotional and energetic characteristics that directly influence the core region of the body (back and stomach). Attention will be directed to individual needs. Beginners and all levels welcome.

**Chair Yoga** is a modified, gentle form of Yoga practiced sitting on a chair, or standing using a chair for support. It is one of the gentlest forms of Yoga as it invites you to find mobility in a way that is soft and gentle, but also supportive and beneficial. Beginners and all levels welcome.

**Yin Yoga** is a soft, slow moving practice that focuses on deeper, longer stretching of tissues and joints and holding of postures to help open the lower back, hips and sacrum. This guided flowing class is primarily seated on the floor and helps open and heal sciatica, lower back, hip muscles and joints. Beginners and all levels welcome.

**Gentle Yoga/Gentle Yin** is for beginners wanting to start more gently, for people working with a health condition, and for anyone seeking to balance their busy lives with a more relaxed, therapeutic approach. Gently stretch and strengthen the body, connect with breath, and calm the mind. Attention will be directed to individual needs.

**Kid's Yoga** children ages 4 and up enjoy a playful Yoga practice that teaches them how to relax, develop body awareness, find their inner balance, build confidence, concentration and just have some fun.

**Guided Meditation** a casual guided meditation using a variety of simple, mindfulness meditation techniques which vary weekly. No meditation experience necessary.

## INTERMEDIATE TO ADVANCED LEVELS:

**Slow Flow Yoga** classes build on the foundation established in Basic classes by linking postures and breath into a more vigorous, moving flow. Sun salutations, backbends and inversions are explored. Vinyasa-style but in a cooler environment for beginners looking to explore and expand their practice beyond Basic.

**Hot Vinyasa Yoga** combines breath and movement into a vigorous, challenging flow. For anyone looking to sweat, move to the music, and kick their asana up a notch or two, this class is for you. Room heated to approx. 90+ degrees (intermediate to advanced levels recommended).

**Slow Burn Yoga** blends stretching and strengthening while holding a pose for greater body awareness. A SLOW build, flowing with breath and engaging the core through mindful movements, will make you sweat while eliciting a state of deep relaxation. For those looking for a challenge to sink deeper into your practice and feel the *BURN!* (intermediate levels recommended).

**Ashtanga Yoga** short-form version of a traditional series of postures linked together to create a powerful, vigorous flow. The practice combines breath, energy locks, focus and a flow of postures to create a moving meditation (intermediate levels recommended).

**Workshops** are offered on a monthly basis typically on Fridays and Saturdays to help students expand their practice, gain insight into new techniques, and fine-tune their understanding of Yoga or other metaphysical, spiritual and health-related topics. Workshops are in addition to the regular class schedule and are additional cost (see in-studio flyers and website for details)

**Intro to Yoga Series** a multi-week series of classes designed specifically to introduce new students to the benefits and practice of Yoga. Each session builds on the prior week's lesson to create a sense of confidence and self-reliance. Offered quarterly. Perfect for beginners! (see in-studio flyers and website for details)

## FREQUENTLY ASKED QUESTIONS

**What is Yoga?** Yoga is an ancient system of guidelines for ethical discipline, physical health, breathing, concentration and meditation. The word "Yoga" comes from the Sanskrit word "yug," or "union."

**What Can Yoga Do For Me?** Yoga has been proven to reduce stress, increase mental acuity, improve circulation, slim and tone the body, improve focus and increase energy. Yoga helps us connect to our body and breath to foster balance of Mind, Body & Spirit.

**Which Classes Should I Take?** If you're new to Yoga, start with Basic Yoga, Basic Backs, Gentle Yoga, Gentle Yin, Yin, Chair Yoga, Guided Meditation and Intro to Yoga Series. Then, explore Slow Flow, Ashtanga, Slow Burn and Vinyasa classes to further build an awareness of breath, postures, alignment and more cardio. Try to take advantage of as many different teachers, times and classes as possible, depending on your experience level.

**How Often Should I Practice?** An ideal frequency for beginners is 2-3 times per week, which will enable you to begin to feel the effects of your practice and the changes in mind, body and spirit in about a month's time. Typically, experienced Yogis practice every day.

**What Should I Wear/Bring?** Lightweight "workout clothes" with wicking fibers are best. Avoid wearing jewelry, cologne or perfumes. Bring your Yoga mat or we have rental mats available for \$4. Changing areas and lockers are available in our coat room and restrooms.

**Why Shouldn't I Eat Before Practice?** Food interferes with the body's ability to cleanse and detoxify; avoid meals at least 1 hr. prior.

**What If I'm Pregnant?** Inform the instructor when you arrive for class; check with your physician before beginning a physical routine.
