Performance Styles

******Belly Dancers (styles: Moroccan, Greek, Turkish, Egyptian, Lebanese, Arabic, Tribal, Fusion, Modern)**

Our professional belly dance performers are award-winning dancers, dance internationally, and are ready to create a beautiful and classy cultural vibe at your next event! Trained in traditional styles, they can incorporate specific cultural musical requests, costuming, and dance moves. Have a specific prop or look in mind? They use veils, swords, Wings of Isis, finger cymbals, fan veils, skirt dancing, just ask. Every show starts with showcasing their beautiful costumes and training, from melodic and slinky moves to impressive shimmies to powerful drumming!

**fire is a fun add-on*

*****Brazilian Samba Dancers (Carnivale, La Hora Loca, the ultimate showgirls)**

These performers come out with feathers flying, hips shaking, fancy footwork, and nothing but an attitude to make the party happen! Whether you want a splash presentation, an hour of dance madness, or beautiful ladies to greet your guests, our dancers will add the 'wow' factor to make your event unforgettable. With authentic Brazilian costumes, giant feather headpieces, and high-energy Samba party music, you'll have an event to remember!

*****Polynesian Dancers (Luau, Hula, Tahitian, Maori)**

Our authentic Polynesian, Tahitian, and Hula girls are the perfect addition to the summer time poolside BBQ, your beach wedding or a more formal presentation at your special event. We bring the authentic feel of the Islands, from soft arms that sway gently with the breeze, to the fast and furious rolling Tahitian hipwork that will amaze your guests. Our dancers will bring this cultural and beautiful experience to your event, interacting with your guests, or even teach them a few moves if you like.

*****Flamenco**

Our Flamenco dancers perform traditional, authentic dances from Andalusia, Spain, bringing the fire and passion of the region to your event. Experience fan dances and traditional *manton* shawl work, it can be quite moving! Of course, the incredible part of Flamenco is the footwork... which needs a particular floor to be showcased (will not work on tile or concrete). Contact us for details!

*****Fire Dancers (can be themed with our traditional styles, Belly Dance, Polynesian, or Latin... or blended with a ANY modern theme, Steampunk, Tribal, Fairy, etc)**

There is nothing more spectacular than beautiful performers dancing with flames, lighting up the night with their passion and energy... a fire show will take your event to the next level! Outdoors, just after sunset is the perfect time for a fire show. The overhead area must be clear (no branches, pool screens, electric wires, draped fabric, etc), and your guests a safe distance away. Consider having more than one dancer, or we can bring our own drummers to make the show really have a punch!

...don't see a style listed above? Just ask, we have many!
