We may also use and disclose your information when your physician, health care provider, or another pharmacy contacts us and says that you have requested them to provide health care services.

PAYMENT means such activities as obtaining payment for services, confirming health plan coverage, and billing or collection activities. Examples are electronically billing your insurance company or health plan at the time we fill your prescriptions. Insurance companies or health plans may also contact us about services we provide to you.

HEALTH CARE OPERATIONS includes business aspects of running our pharmacy such as planning, financial analysis, and customer service. An example is when we look at records to evaluate how well our pharmacists and technicians provide service to you.
