## INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

To Management

We have performed the procedures agreed upon by Epicodus, Inc. management solely to assist Epicodus, Inc. with its analysis of their Student Data, Employment Outcome Rate and Graduation Rate for the period from **July 1, 2016 through December 31, 2016**. Management is responsible for Epicodus, Inc. Student Data, Employment Outcome Rate and Graduation Rate. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described in our report either for the purpose for which this report has been requested or for any other purpose.

**Agreed-upon procedures on Epicodus, Inc.'s Student Data, Employment Outcome Rate and Graduation Rate for Enrolled Students who graduated during the periods of July 1, 2016 through December 31, 2016.**

### Definitions:

- A. **Published Course Length:** For fixed-length programs, the Published Course Length must be in calendar days such that the following statement is true: If a student needs to repeat a module/section prior to meeting the graduation criteria, he or she should not count as graduated in 100% of the program length.

For self-paced programs, schools must report on all students who enrolled 12 months prior to the reporting period's start date until 6 months prior to the reporting period's start date. They must report the graduation rate by dividing the total number of graduates from the dataset by the total amount of enrollments from the dataset, and report the time to graduate as a table by dividing the number of graduates in six 30-day periods by the total number of students in the report.

- B. **Employment Outcome Rate** – Calculated based on dividing (i) the number of graduates available for employment who accepted an offer of gainful employment within 90 and 180 days of graduation by (ii) the number of graduates available for employment. The Employment Outcome Rate is calculated as an aggregate number for all graduates located in Portland, Oregon.
- C. **Graduates**– Calculated based on the number of students who have successfully completed the requirements for graduation, including passing all courses in student's track, maintain attendance above , complete a final project, prepare resume, cover letter, LinkedIn, GitHub profiles to required standards, and participate in the internship program, and are eligible for employment. Students who successfully completed the requirements for graduation are eligible for employment.

- i. Graduates employed by Epicodus, Inc. as an instructor or other technical position.
  - ii. Graduates return to their previous employer if the position is a role relevant to the Epicodus, Inc. curriculum.
  - iii. Graduates who accept a full-time, part-time, or contract position in a role relevant to the Epicodus, Inc. curriculum.
  - iv. Graduates who start their own business in a founder role (entrepreneurs).
- E. **Non-Reporting** – Calculated based on the number of graduates who did not respond to a minimum of four attempts through two different means of communication. This documentation shall include the dates of the attempted contacts and the graduate's contact information used in those attempts.
- F. **Enrolled Students** – Enrolled students are all students in a course as of (i) the final date under applicable state regulations on which the school is required to provide the student with a full tuition refund, or (ii) if applicable state regulations do not contain such a requirement, the final date as specified in the school's published policies on which a student may receive a full tuition refund. The full tuition refund may exclude nominal non-refundable registration fees. Enrolled Students do not include students who died, became incarcerated, or were called into active military duty during the course.
- G. **Course** – Denoting Epicodus, Inc.'s Web and Mobile Development program from which the students enrolled.
