Hack Reactor New York City

Current Percentages and Projections

H1 2018

Updated: 11/2/2018

This is the in-progress 2018(1) CIRP placement report for Hack Reactor New York City. We provide it here to add additional information and context for current and prospective students. It includes all students who graduated between January and July of 2018. Half of the graduates contained are still within 180 days post-graduation and actively job searching, thus none of these numbers are final.

* Predicted numbers are based on current projections made by career services and are not final.
