**INDEPENDENT ACCOUNTANTS' REPORT
ON APPLYING AGREED-UPON PROCEDURES**

To Management:

We have performed the procedures agreed upon by The Software Guild management solely to assist The Software Guild with its analysis of their Student Data, Employment Outcome Rate and Graduation Rate for the period from **July 1, 2016 through December 31, 2016**. Management is responsible for The Software Guild Student Data, Employment Outcome Rate and Graduation Rate. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described in our report either for the purpose for which this report has been requested or for any other purpose.

Agreed-upon procedures on The Software Guild's Student Data, Employment Outcome Rate and Graduation Rate for students who graduated during the period of July 1, 2016 through December 31, 2016.

Definitions:

- A. **Published Course Length:** For fixed-length programs, the Published Course Length must be in calendar days such that the following statement is true: If a student needs to repeat a module/section prior to meeting the graduation criteria, he or she should not count as graduated in 100% of the program length.

For self-paced programs, schools must report on all students who enrolled 12 months prior to the reporting period's start date until 6 months prior to the reporting period's start date. They must report the graduation rate by dividing the total number of graduates from the dataset by the total amount of enrollments from the dataset, and report the time to graduate as a table by dividing the number of graduates in six 30-day periods by the total number of students in the report.

- B. **Employment Outcome Rate** – Calculated based on dividing (i) the number of graduates available for employment who accepted an offer of gainful employment within 90 and 180 days of graduation by (ii) the number of graduates available for employment. The Employment Outcome Rate is calculated as an aggregate number for all graduates located in Louisville, Kentucky.
- C. **Graduates**– Calculated based on the number of students who have successfully completed the requirements for graduation, including attendance and competency requirements, and are eligible for employment. Students who successfully complete all course modules, complete final project, meet with a career services counselor, and attend 2 school-sponsored career events during are eligible for graduation.

Definitions (continued):

- D. **Employed** – Calculated based on the number of students who accepted offer of employment within 90 and 180 days of of graduation. The following graduates are considered Employed:
 - i. Graduates employed by The Software Guild as an instructor or other technical position.
 - ii. Graduates return to their previous employer if the position is a role relevant to The Software Guild curriculum.
 - iii. Graduates who accept a full-time, part-time, or contract position in a role relevant to The Software Guild curriculum.
 - iv. Graduates who start their own business in a founder role (entrepreneurs).
- E. **Non-Reporting** – Calculated based on the number of graduates who did not respond to a minimum of four attempts through two different means of communication. This documentation shall include the dates of the attempted contacts and the graduate’s contact information used in those attempts.
- F. **Enrolled Students** – Enrolled students are all students in a course as of (i) the final date under applicable state regulations on which the school is required to provide the student with a full tuition refund, or (ii) if applicable state regulations do not contain such a requirement, the final date as specified in the school’s published policies on which a student may receive a full tuition refund. The full tuition refund may exclude nominal non-refundable registration fees. Enrolled Students do not include students who died, became incarcerated, or were called into active military duty during the course.
- G. **Course** – Denoting The Software Guild’s Full-Stack Software Development program from which the students enrolled.

Disclosure

For all the students in the reporting period of July 1, 2016 through December 31, 2016 the following exception to the published CIRRR Standards was used in the examination and preparation of the Employment Outcome Statistics:

- 1. The results of our analysis for Graduation Rate are using a Published course length of 88 days, Per The Software Guild’s website the course is 12 weeks (84 days). Managements has decided to include all students who graduate in 88 days or less to be considered as “Graduated within 100% of the Published Course Length”

Procedures

1. Verify the number of students who were enrolled in the program and if the student graduated within 100% or 150% of the published course length of 88 days during the period from July 1, 2016 through December 31, 2016.
 - a. Obtain the list of students who are designated as enrolled, per The Software Guild's records for the period from July 1, 2016 through December 31, 2016.
 - b. Verify that students designated as graduated completed the program within 100% or 150% of the published course length of 88 days.
 - c. Review email chain with student and school administrator verifying graduation, confirm independently directly with the student, or alternatively confirmed through CIRP required documentation provided (defined by Procedure 2.a).

Results: AGL CPA Group, LLC obtained an enrollment list of 17 students. AGL CPA Group, LLC verified student graduation from the program for 8 students through independent email confirmation with the graduates. 9 students were confirmed through alternative procedures (defined in 2a). AGL CPA Group, LLC verified 16 of 17 enrolled students or 94.12% graduated within 100% of the published course length of 88 days. The remaining 1 of 17 or 5.82% of enrolled students did not graduate. No exceptions were noted. (See Exhibit A)

2. Verify the number of graduates who were Employed as defined by Definition C and D.
 - a. Verify the list of graduates who were designated as Graduates (as defined by Definition C) and the employment outcome records provided by The Software Guild for each graduate through the following documentation:
 - i. Independent email confirmation received by AGL CPA Group, LLC from the graduate.
 - ii. Examination of graduate attestation or written record.
 - iii. Direct email correspondence with the graduate confirming employment by the school.
 - iv. Direct email confirmation from the employer, direct recruiter, hiring manager or legal, credentialed third-party employment history service by the school.
 - v. Offer letter/signed contract from the employer provided to the school.
 - vi. Verbal/word of mouth with a written record detailing the date of the conversation, the school representative or agent who conducted the conversation, the person who provided the information including the relation to the graduate if someone else, and the content of the conversation as it related to the data being collected.
 - b. Using the verified number obtained from procedure 2.a above, recalculate the July 1, 2016 through December 31, 2016 Employment Outcome Rate as defined by Definition B.

Results: AGL CPA Group, LLC received a list of 17 Graduates. AGL CPA Group, LLC verified 11 of 16 graduates were employed within 90 days and a cumulative 12 of 16 graduates were employed within 180 days. AGL CPA Group, LLC confirmed 8 Graduates by independent email confirmation with the graduate. AGL CPA Group, LLC examined graduate attestations to The Software Guild for 3 Graduates and examined 1 Graduate Offer Letter. AGL CPA Group, LLC verified that 4 Graduates were not employed. No exceptions were noted. (See Exhibit A)
