To Management:

We have performed the procedures agreed upon by Tech Elevator, Inc. and management solely to assist Tech Elevator, Inc. with its analysis of their Student Data, Employment Outcome Rate and Graduation Rate for the periods of **January 1, 2018 through June 30, 2018** and **July 1, 2018 through December 31, 2018**. Management is responsible for Tech Elevator, Inc.'s Student Data, Employment Outcome Rate and Graduation Rate. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described in our report either for the purpose for which this report has been requested or for any other purpose.

Tech Elevator, Inc. is responsible for the agreed-upon procedures to be performed outlined in Exhibit A and that it is in accordance with applicable standards; and for selecting the criteria and procedures and determining that such criteria and procedures are appropriate for your purposes. Tech Elevator, Inc. is also responsible for, and has provided us in writing regarding the Company's assertions about accuracy and existence of Student Data, Employment Outcome, and Graduation Rates which is presented in accordance with Council on Integrity in Results Reporting "CIRR" Standards & Implementation Standards which governs outcome reporting for graduates of 2018 rev. 2019-07-05 "CIRR Standards".

Agreed-upon procedures on Tech Elevator, Inc.'s Student Data, Employment Outcome Rate, and Graduation Rate for Enrolled Students who graduated during the periods of January 1, 2018 through June 30, 2018 and July 1, 2018 through December 31, 2018.

Definitions:

- A. Published Course Length:** For fixed-length programs, the Published Course Length must be in calendar days such that the following statement is true: If a student needs to repeat a module/section prior to meeting the graduation criteria, he or she should not count as graduated in 100% of the program length.
- B. Employment Outcome Rate** – Calculated based on dividing (i) the number of graduates available for employment who accepted an offer of gainful employment within 90 and 180 days of graduation by (ii) the number of graduates available for employment. The Employment Outcome Rate is calculated as an aggregate number for all graduates of the Full-Stack Web Development Program and Full-Stack Software Development Program– Cleveland, Ohio campus.
- C. Graduates**– Calculated based on the number of students who have successfully completed the requirements for graduation notated in Exhibits B and C. Students who successfully completed the requirements are eligible for graduation.

Definitions (continued):

- D. Job outcomes** – Calculated based on the number of students who accepted offer of employment within 90 and 180 days of graduation.
- a. Graduates that are considered employed for in-field positions must either:
 - i. Include a statement that the job requires the skills for which the student was trained at the school; or
 - ii. Have a job title that would fall under an in-field classification used by Bureau of Labor Statistics SOC codes.
 - b. "Full-time employee (30 hours or more per week)" roles must:
 - i. State that the offer or contract is permanent, at-will, or greater than six months.
 - ii. Indicate that the job is full-time or at least 32 hours per week.
 - c. "Full-time apprenticeship, internship, or contract position" roles must:
 - i. State that the offer or contract is three to six months.
 - ii. Indicate that the job is full-time or at least 32 hours per week.
 - d. "Short-term contract or part-time position" roles must:
 - i. Indicate that the student would be employed or contracted for at least 150 hours.

E. Non-job outcomes –

- e. Non-reporting: If the school attempts to contact the student a minimum of four (4) times through four (4) different means of communication, and the student never responds, the student may be classified as "Non-reporting". The school must keep documentation including the dates of the attempted contacts and the student's contact information used in those attempts.
 - f. Not seeking a job: The graduate states that she or he is not pursuing employment because he or she (a) took the program solely for self-enrichment, (b) has had a medical or family emergency arise post-graduation, (c) is continuing education at another institution, or (d) does not have a visa to work in the country in which the graduate took the program. (For the avoidance of doubt: if a non-visa holder finds work, in or out of the country where they took the program, they would more likely be categorized as another code.)
 - g. Started a new company or venture: The graduate states that she or he is pursuing entrepreneurship full-time in lieu of searching for a job. The endeavor may be for-profit or not-for-profit.
- F. Enrolled Students** – Enrolled students are all students in a course as of (i) the final date under applicable state regulations on which the school is required to provide the student with a full tuition refund, or (ii) if applicable state regulations do not contain such a requirement, the final date as specified in the school's published policies on which a student may receive a full tuition refund. The full tuition refund may exclude nominal non-refundable registration fees.

Enrolled students do not include students who died, became incarcerated, or were called into active military duty during the course, but the student list should contain documentation supporting that classification. In the case of self-paced programs dealing with students with multiple start dates (who may return after pausing or dropping out), a student should only be counted using the earliest start date.

Procedures and Findings:

1. Verify the number of students who successfully completed the program as well as the number of days the graduating students were enrolled in the program prior to graduation during the periods from January 1, 2018 through June 30, 2018 and July 1, 2018 through December 31, 2018.
