Agreed-upon procedures on Launch Academy Holdings, Inc.'s Student Data, Employment Outcome Rate, and Graduation Rate for Enrolled Students who graduated during the period of January 1, 2019 through June 30, 2019.

Definitions:

- A. Published Course Length:** For fixed-length programs, the Published Course Length must be in calendar days such that the following statement is true: "If a student needs to repeat a module/section prior to meeting the graduation criteria, he or she should not count as graduated in 100% of the program length".
- B. Employment Outcome Rate** – Calculated based on dividing (i) the number of graduates available for employment who accepted an offer of gainful employment within 90 and 180 days of graduation by (ii) the number of graduates available for employment. The Employment Outcome Rate is calculated as an aggregate number for all graduates of the Fundamentals of Web Development program.
- C. Graduates**– Calculated based on the number of students who have successfully completed the requirements for graduation notated in Exhibit B. Students who successfully completed the requirements are eligible for graduation.

Definitions (continued):

- D. Job outcomes** – Calculated based on the number of students who accepted offer of employment within 90 and 180 days of graduation.
- a. Graduates that are considered employed for in-field positions must either:
 - i. Include a statement that the job requires the skills for which the student was trained at the school; or
 - ii. Have a job title that would fall under an in-field classification used by Bureau of Labor Statistics SOC codes.
 - b. "Full-time employee" roles must:
 - i. State that the offer or contract is permanent, at-will, or greater than six months.
 - ii. Indicate that the job is full-time or at least 32 hours per week.
 - c. "Full-time apprenticeship, internship, or contract position" roles must:
 - i. State that the offer or contract is three to six months.
 - ii. Indicate that the job is full-time or at least 32 hours per week.
 - d. "Short-term contract or part-time position" roles must:
 - i. Indicate that the student would be employed or contracted for at least 150 hours either with a) a single employer, starting within 180 days of graduation, or b) multiple employers, all within 180 days of graduation.
 - e. "Unknown" roles must:
 - i. Be a screenshot of the student's LinkedIn profile.
 - ii. If the profile includes the month the position started, the last day of that month may be used for the start date. If the profile does not, the date of the screenshot may be used.
 - iii. The "unknown" status may only be used if a student would otherwise qualify as "non-reporting" or the student has requested that the school not contact them.
- E. Non-job outcomes** –
- a. Could not contact: If the school attempts to contact the student a minimum of four (4) times through two (2) different means of communication, and the student never responds, the student may be classified as "Non-reporting". The school must keep documentation including the dates of the attempted contacts and the student's contact information used in those attempts.
 - b. Not seeking a job for health, family, or personal reasons: The graduate states that they were prevented from finding a position within 180 days of graduation due to a personal, family, or medical situation.
 - c. Continuing to higher education: The graduate states that they are continuing education at another institution.
 - d. Started a new company or venture: The graduate states that she or he is pursuing entrepreneurship full-time in lieu of searching for a job. The endeavor may be for-profit or not-for-profit.
- F. Enrolled Students** – Enrolled students are all students in a course as of (i) the final date under applicable state regulations on which the school is required to provide the student with a full tuition refund, or (ii) if applicable state regulations do not contain such a requirement, the final date as specified in the school's published policies on which a student may receive a full tuition refund. The full tuition refund may exclude nominal non-refundable registration fees.

Enrolled students do not include students who died, became incarcerated, or were called into active military duty during the course, but the student list should contain documentation supporting that classification. In the case of self-paced programs dealing with students with multiple start dates (who may return after pausing or dropping out), a student should only be counted using the earliest start date.
