We now have available low cost alternative to Viagra® tablets!

Sildenafil, the active ingredient in Viagra®, is now available in a generic 20mg tablet, and it is MUCH cheaper than Viagra®.

Ex: Five 20mg tablets of Sildenafil is equivalent to one 100mg Viagra®.
Price: 50 Sildenafil 20mg (ten 100mg doses) \$80*
VS. \$400 for ten Viagra® 100mg.

Note: This is the FDA approved generic of Revatio® 20mg tablet. The FDA has not approved generic Viagra®, even though the active ingredient is identical, just in a different strength.

It is Lyons Drug's desire to assist you in reducing your prescription cost and increasing your ability to pay for your ED medication.

We **CANNOT** substitute any prescription (or refill) written for Viagra® without a phone call to the prescriber to get authorization for the following New Rx:

Rx Sildenafil 20mg #50
Take 2-5 tablets as needed for sexual activity

Have your doctor write your prescription in the above format. We will ship anywhere in the state of Arkansas.

*As with most generics, Lyons Drug offers great prices based on our acquisition cost. We have no control over our competitor's prices, or if they are even stocking this new generic.
