

To maintain your satisfaction and ensure your final product is the highest possible quality, ACP International can only **accept** the following file formats:

**ACCEPTABLE**

- Vector-rendered artwork (.ai, .eps or .pdf)
- .pdf, .png .psd or .tiff (Non-vector rendered artwork must be built to the size it will print/produce.)
- All type (fonts) should be outlined.

Unfortunately, we are **unable** to work with the following types of files:

**UNACCEPTABLE**

- .jpg, .gif or any low resolution image optimized for the web or on-screen viewing
- MS Word, Publisher or Excel files

The largest file we can accept via email is **15 MB**. If you have a file larger than 15 MB, please use our FTP portal at [www.Megatrans.com](http://www.Megatrans.com) (select ACP International). We appreciate your business and want you to be completely satisfied with your final product. Thank you for providing the best possible artwork!
