E-Commerce and Website Development

With 10+ years of e-commerce and web development experience, we offer our knowledge to you. We are here to help your business succeed and to assist in creating a unique online storefront for your brand.

Third Eye Graphic Solutions is a 5 star rated, boutique-style design and development shop focusing on creating One-of-a-Kind websites as unique as their owners. From the mom-and-pop to the seasoned veteran, we have web development packages to fit any need/budget and that can fill almost any functionality requirements.

We look forward to discussing your project at your earliest convenience.

Online Marketing (SEO, SMM, PPC)

Off-Page SEO Packages To Help Make Your Website A Success!

You can have the most beautiful website in the world but if no one visits, does it really matter? Let our team of online marketing specialists help you reach your goal. We are excited to introduce our newly formulated SEO and Marketing packages. We have tried to package services that we thought would be most beneficial to our clients while keeping our pricing attractive and competitive. Check out our service plans that we have come up with to help you reach your online marketing goals!

Custom Mobile App Creation

Every day a higher percentage of all web traffic happens using a mobile device versus a traditional desktop based web browser. Give your users and customers instant access to all your business has to offer with your very own mobile application.

Give your patrons instant access to you on any device. Let Third Eye Graphic Solutions help you launch the perfect app for your business, restaurants, churches, teams, bands, etc.

Monthly Webmaster Services

Every business needs to have a website but not all business owners have the time to maintain them. Spend more time focussing on what you are the best at and leave the rest to us. Instead of spending hours each month working on your website, get back to spending your valuable time doing what you love! Let our team of website maintenance experts help keep your site up-to-date and running smoothly. We can take care of items like (but not limited to): Site Population, Content Creation and Management, Creating/Updating Product Listings, Photo Editing, Graphic Design, Platform Training, Coding Adjustments, Blog/Social Media Posting and much more.
