

“

But if the whole thing can be done in the same environment, it will be a great relief to people. How I wish that I will see it happen ... soon.

-Breast Cancer Survivor

”

IF...

- ♦ You found a lump in your armpit six months ago ...
- ♦ The results of your mammography scan said, 'inconclusive' ...
- ♦ You could not travel to get your routine pap smear ...
- ♦ You've been told to start treatment immediately but the hospital goes on strike ...

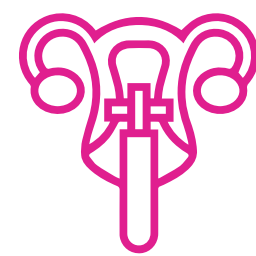

WHERE WOULD YOU GO?

The State of Cancer in Nigeria

**Breast Cancer
#1 Diagnosed
Cancer**

**Cervical Cancer
#2 Diagnosed
Cancer**

- ◆ 100,000 newly diagnosed cancers yearly (Nigerian Cancer Control Plan, 2018).
- ◆ African women are generally diagnosed with more aggressive cancers.
- ◆ Insufficient research and trials to properly treat the African patient.
- ◆ Risk of late detection as more restrictions on traveling abroad for routine medical exams emerge.
- ◆ By 2030, 80% of new cancer cases worldwide will be in lower-income countries like Nigeria (WHO, 2020).

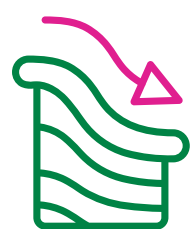

The Resource Challenge

Country	Nigeria	India	United States
Number of Oncologists (doctors of cancer)	65	2,000	12,000

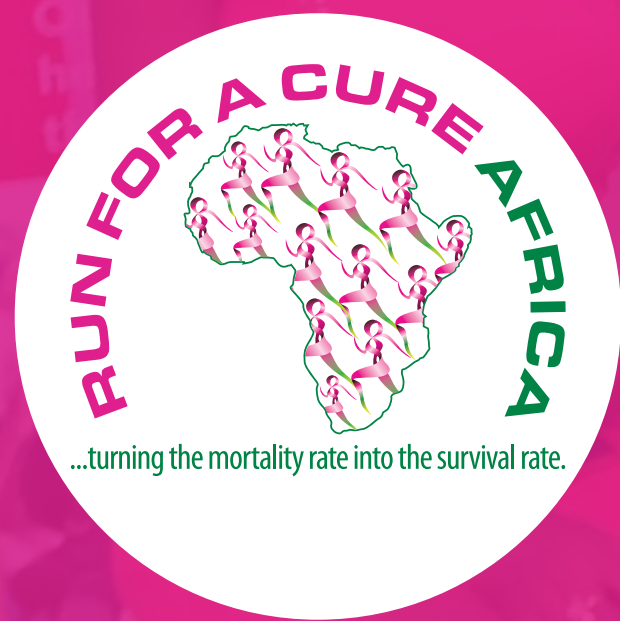

delay in diagnosis to referral stage due to a lack of basic cancer knowledge in primary healthcare professionals 🩺 (Aruah, 2019).

lack of access to targeted therapies which can effectively treat breast and cervical cancer found mostly in Africans.

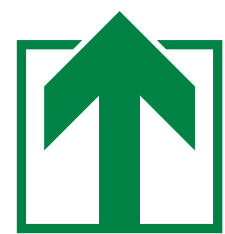

The Solution

Help us establish a women's research center for breast and cervical health.

By investing in a research center...

Increase population-based research to addresses unique types of breast and cervical cancers in African patients.

Provide a training hub for early career oncologists and primary healthcare professionals in Nigeria.

- ◇ Expand access and affordability to cancer drugs.
- ◇ Deliver a clearer pathway to care.
- ◇ Provide access to a global network of medical professionals.

The Women's Research Center will provide ...

- ◆ Routine Physical Exams
- ◆ HPV Vaccinations
- ◆ Pap Smears
- ◆ Follow-up Scans
- ◆ Biopsies
- ◆ Pathology Lab Tests
- ◆ Patient Navigation Locally and Internationally
- ◆ Telemedicine
- ◆ Treatment Plans
- ◆ CLEAN, SAFE, AND SUPPORTIVE ENVIRONMENT

We need Partners... Not Simply Donors

Total Project Cost:	N163,520,000
Fundraising Goal:	N163,520,000

A Women's Research Center to Receive Timely,
Accurate Results

♦ **Diagnostics- N19,560,000**

A Women's Research Center that Confirms what is
Making the Cancer Grow

♦ **Laboratory- N37,900,000**

A Women's Research Center that Provides Effective
Treatment Plans for the African Patient

♦ **Treatment- N52,440,000**

Additional Expenses

Administration & Licensure- N5,300,000

Building Expenses- N7,400,000

Operating Expenses 1st & 2nd Quarter- N29,920,000

Marketing- N11,000,000

Research Center Wish List

Please contribute to our Women's Research Center by selecting an item(s) to donate.

Item	Capital Equipment	Cost-Naira	Status
1	Biopsy Gun Set	360,000	
2	Digital Ultrasound w/ Digital Probes 10 Mhz or higher	15,000,000	
3	Tabeltop Centrifuge	3,000,000	
4	Blood Draw Chairs	480,000	
5	Sample Distribution Trolley (4)	720,000	
6	Refrigerator/Freezer	600,000	
7	Medical Microscope w/ Camera	3,000,000	
8	Thermometers, Magnify Glass, Timer, and Scales	370,000	
9	Centrifuge, Micro - Hematocrit	2,750,000	
10	Distillation Unit, with tank and Hot Plate with stirrer	720,000	
11	Incubator, 30 L	1,500,000	
12	Rotator, agglutination test and pH Meter	960,000	
13	Basic Laboratory Mixer/ Laboratory Shaker Vortex Shaker	1,500,000	
14	Spectrophotometer, Ultraviolet/ Visible	2,500,000	
15	Sterilizer Steam Autoclave, 24L	2,000,000	

Wish List Cont'd

Please contribute to our Women's Research Center by selecting an item(s) to donate.

Item	Capital Equipment	Cost-Naira	Status
16	Microplate, ELISA, 96 U-well Water bath, 7L Hygrometer	2,000,000	
17	Immunoassay unit	5,000,000	
18	Automated IHC staining system	15,000,000	
19	Basic Vital Signs Monitor	1,500,000	
20	Stadiometer, oxygen flowmeter, Stand-Up Scale	720,000	
21	Infusion pump (6)	8,250,000	
22	Elastomeric pump and tympanic thermometer	420,000	
23	Ambulance	25,000,000	
24	Reclining Chairs	2,000,000	
25	Hospital stretcher w/ side rails	2,500,000	
26	Stand infusion double hook on casters	2,500,000	
27	Wheelchair- (2)	550,000	
28	Resuscitation Trolley w/ defibrillator	1,500,000	
29	Class II Biological Safety Cabinet	7,500,000
