MARCH IS
POISON PREVENTION AWARENESS MONTH

PRACTICE SAFE STORAGE:
 Ideally, the following things should be stored, up, away, and out of sight of children. Alternatively, keep these substances in locked cabinets or containers. Keep in mind that there is no such thing as a 100% child-proof container:

- All medicines and pharmaceuticals, including over-the-counter medicines, vitamins, and supplements
- Tobacco and e-cigarette products, and beverages or products that contain alcohol
- Laundry and cleaning supplies
- Pesticides and insect repellents
- Button batteries
- Any type of oil or lubricant, including fragrance oils, kiki torch oils, engine oil, etc.
- Personal care products, especially contact lens disinfectants and hand sanitizers
- Other chemicals

It only takes seconds for a child to get a hold of something poisonous. Be prepared!

Save the Poison Help number- 1-800-222-1222 in your phone, and post it in a visible place in your home!

Install carbon monoxide detectors in your home and check their batteries regularly.

Text POISON to 797979 to add Poison Control as a contact in your mobile phone.
