

FOURTH AND FIFTH GRADE TEACHERS

EXPERIENCE TEXAS WITH YOUR ENTIRE GRADE LEVEL!

Education in Action invites you to take your 4th or 5th graders on the road to Austin and Georgetown with "Arlie the Armadillo" to experience first-hand what they're learning in social studies and science! In Austin your students will explore the Texas State Capitol with a focus on the legislative process. Then it's off to Georgetown to tour Inner Space Cavern where students will actively experience life cycles, food webs, and the physical properties of the Earth's crust including minerals, rocks and soils. The best part is, we handle the details so you don't have to. Charter bus? Check. Fun, meaningful, TEKS-based curriculum for the entire day? Check. Join us on "Capitol Rocks!" for a day your students won't soon forget!
