

WOMEN'S HEALTH FACT SHEET

ABOUT SBH MEDICAL

- SBH Medical (SBH) is a full-service compounding and infusion pharmacy providing innovative treatment options for physicians and patients. SBH is committed to delivering the highest-quality products, maintaining clinical excellence and providing premier customer service.
- Headquartered in Worthington, OH, SBH was founded over 35 years ago and is a member of the Professional Compounding Centers of America.
- SBH also is accredited via the Accreditation Commission for Health Care (ACHC) and the Pharmacy Compounding Accreditation Board (PCAB).
- SBH offers custom compounding, home infusion, physician/office-based services, clinical access and access to alternative forms of commonly prescribed medications.
- SBH has an on-site pharmacy where patients can pick up their prescriptions, or prescriptions can be shipped directly.

ABOUT WOMEN'S HEALTH COMPOUNDING

- SBH offers a wide variety of custom treatment options to help with infertility, interstitial cystitis, menopause, libido enhancements, PID/STDs, postpartum hemorrhoids, preterm labor, pregnancy, lactation and hyperemesis.
- Some of the most common customized women's health medications include topical nipple cream for painful or swollen nipples during lactation, treatments for libido, such as SBH O' Cream, rectal rocket suppositories for hemorrhoids, IV antibiotics, progesterone supplementation and IV total parental nutrition (TPN).
- SBH also offers Bio-Identical Hormone Therapy, a treatment used to fight the signs and symptoms of aging. Women who have suffered from menopause, weight gain, endometriosis, PMS, low libido or fibrocystic breasts have found a variety of benefits from this therapy.
- Another treatment offered are Makena Injections, injectable progesterone and vaginal progesterone suppositories for the treatment of reoccurring miscarriages. This treatment is typically administered weekly between 16-37 weeks' gestations, as suggested.
- SBH also offers consultation services for women interested in learning more about treatments.
