Ideal balance of old and new, **1305 Lofts** are flexible Live+Work spaces that were created using the existing structure of an abandoned warehouse. Built of concrete masonry units and steel, this intimate 14-unit condo community sits in the heart of East 6th Street. **Unit 7** is a two-story townhouse-style walkup that boasts lofty ceilings reminiscent of its industrial roots. Natural light pours in through upper+lower level french doors & a 16-ft high skylight. From its Juliet balcony above, one can soak up the energy of East Sixth Street below. Convenient location: ~0.5 mile to I-35; ~1.2 miles to Texas Capitol; ~1.5 miles to UT Dell Medical School & UT Austin; ~5.8 miles to Airport.
