

# SOCIAL BUTTERFLIES

## A Little Tesoros Social Skills Program

This group is for children ages 6-10 and aims to build a foundation of vital social communication skills for success in a variety of social settings.

Social skills can be difficult to target in a one-on-one therapy session and adapting to ever-changing social situations in the classroom and community may be frustrating and scary for a child. Social Butterflies will closely match children into a group of four who, with the help of a licensed clinician, will work as a team to learn how to experience healthy interpersonal interactions!

### OBJECTIVES

- Taking the perspective of others
- Making inferences
- Body language when listening
- Identifying complex emotions

A group size of 3-5 kids provides a supportive and nurturing environment where children can learn new, challenging social skills.

Social Butterflies is a great opportunity for your child to learn new social skills in a small group setting for success in the home and in classroom settings.

Parent involvement through a follow-up consultation will help your child to navigate this complex area of language development as they grow into a Social Butterfly!

North Austin Clinic- 9101 Burnet Rd Ste 103, Austin, TX 78758

**12/19, 12/20, 12/27, 12/28, 1/02, 1/03**
