HILCO Electric Cooperative, Inc. A Texas Non-Profit. member-Owned Electric Cooperative

"Owner": means that	A Texa	is Non-Profit, member-Ow	·	
tenant, officer of corporate property owner, official representative or officer of civic or church group, or individual, whom has authority to grant permission and release liability regarding the property, including owner's family, employees, agents, invitees, tenant's personal representatives, or assigns. "Property": means that the property located in		PERMISSION and WAIN	VER of LIABILITY	
"Work": means to install and/or maintain electric power to the property or adjoining property. The employees of HILCO Electric, including its contractors, must enter the property owned, or in possession of, the owner to do the following work with the following circumstances: HILCO Electric will not be held liable for any damage to the property. HILCO Electric will not be responsible to replace or repair any issues that are a result of the work. Examples being, but not limited to, the repairing of driveways, dirt work, removal of debris, repairing of ruts, replacement of grass, sod and/or vegetation, etc. All underground facilities will need to be exposed or located, prior to construction, where the electric work intersects them. Underground facilities include, but are not limited to, water lines, owner's electric lines, sewer and lateral lines, septic tanks, water sprinkler lines, etc. Any underground facilities not exposed or located, by the owner, could be damaged. If the owner cannot expose or locate the underground facilities on the property, then the owner here by gives HILCO Electric, by signing below, permission to proceed by potentially damaging these facilities under these circumstances with the express understanding that any damage done to the property will be repaired at the <u>owner's expense</u> . Prior to construction, the path of the electric work must be clear of any obstructions. All work schedules are dependent upon weather and ground conditions. Underground trenching spoil will be mounded over the trench when it is covered. This method is used to avoid the trench from caving in by allowing proper settling. "Owner" and HILCO Electric Cooperative, Inc. agree as follows regarding the property stated in this form above. Owner states that: 1 The property is owned, or in the possession and control of the owner, who has the AUTHORITY to make this agreement: 2 Owner has the authority to grant HILCO Electric and here by grants HILCO Electric permission to enter, or cross the property and perform	tenant, officer of corporate property o whom has authority to grant permission	wner, official representation and release liability reg	tive or officer of civic or church group, or individual, garding the property, including owner's family,	.,
