

Points Career Research Project Rubric BTST321

The goal of this research assignment was to analyze, comment and summarize on the three results of the three areas. The discussion could have included many comments, i.e.-why you think you fell into each one, why you are strong or weak in some areas.

All three areas were to be described in detail.

A summation paragraph or two should include why this information may be important to you as a future employees in an organization or company.

Formatting was correct.

9 entries were to be included three entries from each topic area with 3 parts to them-source, quote, and why you selected the quote-relevance (27) with dates no greater than three years from the present and back

Unless noted otherwise categories received 10 pts.
