

ABED 6100—FINAL EXAMINATION: PART II

As part of the final examination, you will be required to provide feedback on the course as it relates to the **CONTENT** of the course and the **DESIGN** of the course. I am also getting feedback on your perceptions of the BARRACUDA COVE INVESTMENT GAME for future improvements and/or ideas.

By doing so, it will provide course feedback so that when I teach this course in the future, I can realize some strengths, weaknesses, and other topics you would have liked to have learned more about. This part of your examination is based on your perceptions and opinions. Your comments and considerations should be on the **COURSE DESIGN** and **COURSE CONTENT**, not the instructor. **IMPORTANT:** Again, this feedback is not related to me, your fearless facilitator of advanced managerial communications, but of the **COURSE DESIGN** and the **COURSE CONTENT** as it relates to assignments and activities.

In advance, I appreciate your input and feedback. When you write these comments in the sections provided, please use good communication skills and put them into **formal sentences** with punctuation and **NOT** bullet points.

Examples:

I really enjoyed the chance to have the course partly in an online format so that I was able to save time, mileage, and gas.

****OR****

I thought that the online format was difficult based on the content of this course; I would have liked this class to be in-class and not online.

Again, this feedback is purely based on **COURSE DESIGN** and **COURSE CONTENT**. You will need to complete the **WORKSHEET** found on CourseDen and submit it along with the other sections of the examination.

****SEE OTHER SIDE OF PAPER****

THERE WILL BE AN ELECTRONIC VERSION ON COURSEDEN. YOU WILL NEED TO TYPE YOUR RESPONSES AND SEND THE WORKSHEET TO SEHALL@WESTGA.EDU AT THE SAME TIME YOU ARE SUBMITTING YOUR FINAL EXAMINATION: PART I.
