

## Healthnetwork Pulse

December 2019

Friends,

Happy Holidays!

We sure are thankful for you! You are why we exist—for you and *because* of you.

Please enjoy this last update for the year.

### **YOUR DIRECT LINE - HEAR STRAIGHT FROM TOP MEDICAL RESEARCHERS**

By now you've received your copy of our 2019 magazine in the mail. You can also view a [digital version here](#). Don't miss the article by Dr. James Kang from Brigham and Women's Hospital, one of our hospital partners, about exciting developments on the horizon in orthopedic surgery (page 18).

If you didn't get a print copy and would like one, reply to this newsletter and we'll make sure you get one pronto!

### **WHAT PRICE WOULD YOU PAY FOR PEACE OF MIND?**

Many of you also received our annual appeal in the mail with [Paul Bishop's story](#). Most of us react like Paul did when there's a serious health issue: *Deal with it. Now.* That's what we're here for. Through Healthnetwork ***you have fast and direct access*** to the nation's top medical specialists.

**This is the only fundraiser we do all year**, and it enables us to take your calls and give you that priority access. Last year we served over 5,100 medical requests—and the calls and emails are increasing every year. Your donations ensure we can handle each request with the attention and speed it deserves.

If you value this expedited access, please be generous with your tax-deductible gift to our 2019 Annual Appeal.

**TAKE A MINUTE TO WATCH**

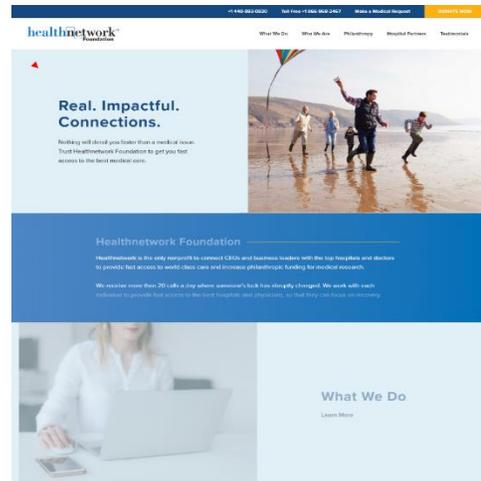

As a GOLD supporter, you know who we are and what we do - but our model is not always intuitive for those we serve. We've created a short video to help explain how we work. Take a look!
