## Half a Million for the Best of the Best

Meet the 2021 Service Excellence Awardees

Some doctors go above and beyond even our highest expectations. That's why each year we honor a select group of our physician partners with Service Excellence Awards. It's our way of saying "thank you" for taking such good care of our Healthnetwork families, and we are honored to do our small part in contributing to their important medical research. This year we were thrilled to be able to give twice as many awards as usual, thanks to funding by Rick Itzkowich through the Moises Itzkowich Foundation.

Sometimes, it takes more than a good doctor to make a challenging time more bearable. That's why we also recognize hospital staff who provide outstanding care and attention to you.

## The Millers are Long-Standing Supporters

A Very Personal Need Leads to their Annual Appeal Commitment

When Carole faced an unexpected cancer diagnosis, they knew exactly who to call. Carole was connected to an expert close to home and she is cancer-free. Now more than ever, they are committed to supporting Healthnetwork so that others can experience top notch medical care. [Read their story here.](#)
