December 30<sup>th</sup> 2022.

My dear patients,

As of January 1, 2023; I plan to be off on a year-long sabbatical or leave; and will not be available to provide OBGYN medical care.

Your healthcare is priceless and you need to know that I am not selling my practice. My plan is to transfer your care to the Fair Oaks Women's Health OBGYN group here in Pasadena. This group was started 13 years ago by Dr. Bryan Tich who has been in practice for more than 30 years. He is a trusted and valued colleague and we have been friends for decades.

This is a group of 6 excellent OBGYN doctors whose philosophy agrees with mine immensely. I am sure you will be impressed with their care. However, if you wish to seek healthcare from another group or any individual OBGYN, please call Huntington Memorial Hospital Physician Referral Service or the Los Angeles County Medical Association.

I have placed all your records in storage and have arranged with Fair Oaks Women's Health for those records to be available, but this is on a scheduled basis. When you call FOWM group, please be prepared to begin the process of establishing care as a new patient with their group. They will guide you through this. I will miss you all and, it has been my honor and privilege throughout my career to provide your care and your precious, successful deliveries.

Sincerely your doctor  
Ebenezer O. Ajilore, M.D.
