## ELECTRIC BREAST PUMP

PHYSICIAN SIGNATURE  REFILLS \_\_\_\_\_

To OB Patients,

You may be eligible for a free breast pump. The preventive care provision of the Affordable Care Act (ACA or health care reform law) states that health plans must cover one breast pump per pregnancy with no cost sharing.

If you Google the phrase: "Free Breast Pump" we suggest working with Edgepark, Medela, or Hygeia. They will check your insurance benefits to confirm which model you might be eligible for.
