

About your physician...

Bryan S. Jick, MD, FACOG

A Special Profession

“Being an ob/gyn is a privilege and an honor. In 2021, I transitioned to a gynecology only practice. I miss being able to participate in the miracle of birth, but I am proud to say that I have delivered more than 7,000 babies during that part of my career. I still enjoy seeing those patients’ year-after-year, and I’m so happy to hear them share about their children’s lives, which for a brief time, I was part of.”

Private Practice Ob/Gyn: Pasadena 1988 - present

Medical Staff: Huntington Hospital (HH) and Huntington Ambulatory Surgery Center (HASC); member of many Ob/Gyn Department Committees

Board-Certified: Obstetrics and Gynecology, since 1990, yearly re-certification maintained

Diplomate: American Board of Obstetrics and Gynecology, 1990

Diplomate: National Board of Medical Examiners, 1985

Fellow: American Congress of Obstetricians and Gynecologists (ACOG), since 1991

Internship and Residency: Kaiser Foundation Hospital, Los Angeles, 1984-1988

Medical License: California, since 1985

Medical School: University of California, San Diego (UCSD), 1980-1984

Undergraduate: University of California, Los Angeles (UCLA), 1979, B.A., Summa Cum Laude, Phi Beta Kappa

Memberships: California Medical Association (CMA), Los Angeles County Medical Association (LACMA), American Congress of Obstetricians and Gynecologists (ACOG)

Continuing Medical Education: AMA Award and ACOG Award for Continuing Medical Education

Honors and Awards: L.A. Superdocs (annually 2009-2024)

Special Interests: Menopause, Osteoporosis, Vaginal Laser, Electronic Medical Records, Medical Writing

Balancing the Art and Science of Medicine

“Keeping up with the science of medicine, particularly women’s health, requires constant effort. I have taken hundreds of hours of continuing medical education and have been recognized for this by both the AMA and ACOG. The art of medicine is caring for patients, communicating with them, and informing them of their options so as to offer the best of medical science without overwhelming them. This is the true challenge of my profession. To balance both the art and the science of medicine is what it means to me to be a good doctor.”

Providing Women’s Healthcare...and more

“We continually strive to provide comprehensive traditional women’s healthcare in a comfortable and personal environment, while offering additional medical services for women not typically found in an ob/gyn office. Along those lines, we are proud to offer the services of a skin care specialist (who happens to be my wife, Marina Jick, R.N.!)” Please consider treating yourself to a special visit at [Marina’s Oasis!](#) Call 626 MY OASIS.
