13. New OB Pt History Form please fill out and return	6 pages
TOTAL	21 pages (single-sided)

We know that this is A LOT of paperwork and for this we apologize.

This is only for NEW OB patients to the practice. Thank you very much for your time.

WELCOME TO OUR PRACTICE

Thank you for choosing Fair Oaks Women's Health for your ob/gyn medical care! In preparation for your upcoming appointment, we would like you to get a head start with some of the paperwork and also tell you a bit about our practice. Our services include comprehensive medical care for women of all ages, including well woman exams, contraception, STD testing, routine and high-risk prenatal care and delivery, bio-identical hormone therapy, menopause management, gynecologic and laparoscopic surgery and more. We also have the MonaLisa Touch® vaginal laser used to successfully treat vaginal dryness and painful intercourse due to loss of estrogen from menopause.

COVID-19

At the time of writing this letter, we are nearing the end of the COVID-19 pandemic. Many things have returned close to a normal state in terms of hospital and office policies, services and visitation guidelines, but some restrictions remain. The materials presented to you are meant to reflect "normal" policies and services and some of these may not apply during the pandemic. We apologize for any discrepancies between what you read in our documents and what is taking place currently.

EMR (electronic medical record)

Our practice uses a computerized health record, called an EMR. It takes time to enter your information into the computer. It would be very helpful if you would complete your New Patient forms and then mail (or fax or e-mail) them to us before your appointment. If you do not send these forms, your visit could be delayed while we update the computer before you see the doctor. Email your forms to: obgyn@fowh.com.

We charge for a "no-show"

Please call us at least 24 hrs in advance if you are unable to keep your appointment. There is a \$25 charge for a no-show appointment (waived if you make and keep the next appointment). When you do not show up or call ahead to cancel, we lose the chance for another patient to get that appointment time.

Please arrive early for your FIRST appointment

It takes time to enter or update your personal, insurance and health information. At your first visit we scan your driver's license and insurance card for entry into our EMR. *We guarantee to keep all of your personal information private.* This is the law (a Federal law called HIPAA).

Parking – we do not validate

Please note that you pay the cashier BEFORE returning to your car. To save money (but with a little more walking) some patients park in the Huntington Hospital EAST Parking structure, a building just south of ours. The entrance is off Fairmount Ave. across from the Emergency Dept.

Lab

For your convenience, we have an on-site lab, called Primex. This is where most of our standard lab tests are run. Primex is a separate entity and is not affiliated with our practice in any way. Not all insurance plans contract with Primex. It is your responsibility to know which lab your insurance is contracted with.

If your insurance requires you to use a different lab please let us know.

Marina's Oasis Medi-Spa

Marina's Oasis, our on-site medical aesthetics center, provides a wide range of non-invasive corrective services to enhance the health and appearance of your skin. For more information please call Marina Jick, MSN, FNP at 626-MY-OASIS (626-696-2747) or go to www.marinasoasis.com.

Feel free to call us at any time if you have any questions. Call (626) 304-2626.
Thank you for trusting us with your medical care. We look forward to seeing you!

PATIENT INFORMATION FORM

Please take a few minutes to complete this form. There may be times when it is urgent that we contact you, so please try to be as complete and accurate as possible, especially with phone numbers. Thank you very much. All information provided is completely confidential.

OFFICE and FINANCIAL POLICIES

We would like to thank you for choosing Fair Oaks Women's Health as your women's health care provider. This document explains our current office and financial policies. It is important that you read and agree to these policies.

No-Shows: If you cannot keep your scheduled Gyn appointment, please call our office at least 24 hours in advance to reschedule. This will allow us to offer that time to another patient. Failure to give 24 hours cancellation notice or failure to keep your scheduled appointment is a no-show and may result in a charge of \$25. This fee may be waived depending on your circumstances and will be waived if you make and keep your next appt.

Late Arrivals: You are expected to arrive on time for your scheduled appointments. New patients should plan to arrive 30 minutes early to allow for completing forms and updating your electronic medical record in the computer. If you are more than 15 minutes late, we may have to reschedule your appointment.

Financial Responsibility: Any patient over the age of 18, or an emancipated minor, will be held financially responsible for all charges incurred. For minors, the parent who accompanies the minor for their visit will be financially responsible for all charges incurred.

Insured Patients: Please bring your insurance card with you to your appointment. If your insurance plan requires an office visit co-pay, this will be collected at the time of service. The co-pay cannot be waived by our office; it is a requirement placed on us by your insurance carrier. You are financially responsible for any co-insurance, deductible or non-covered service. If you are a member of a health plan that Fair Oaks Women's Health participates with, we will submit a claim to your insurance company on your behalf. You must provide us accurate and up-to-date information about your policy, and you agree to update us as soon as possible if anything changes.

Uninsured Patients: Payment in full will be due at the time of service. If you are unable to pay your balance in full, you will need to make arrangements with our Office Manager.

Unpaid copay at time of service: I agree to pay a \$10.00 administrative fee if I fail to pay my copay at the time of service.

Large Deductibles: Patients with large deductibles may be asked to pre-pay a portion of their medical expenses (for example, pregnancy or gyn surgery patients).

Balance Due: Once we have received payment along with an Explanation of Benefits (EOB) from your insurance plan, you will receive a statement from our office indicating what your insurance has paid. Any remaining balance will then be due and payable.

Credit Card Authorization: I agree that Fair Oaks Women's Health may charge my credit card on file for the balance due when they receive a copy of the EOB. If the balance due is more than \$200.00, I will receive a courtesy call prior to my card being charged.

Medicare Patients: You are personally responsible for your deductible, co-insurance and any services that Medicare deems as "Medically Unnecessary". Medicare patients may also be asked to sign an Advanced Beneficiary Notice (ABN) form.

Returned Checks: A \$25 fee will be charged for any check returned for insufficient funds. After that, only cash or credit cards will be accepted for payment.

Disability Forms: A \$25 fee will be charged for processing and mailing each disability form. These forms require significant administrative time to handle.

Medical Records Request: A \$25 fee will be charged for a medical records request for yourself. Payment for these records will be collected prior to records being released. A free copy of your records will be sent to the physician of your choice. This fee can be waived for hardship, please speak to the office manager.

Collection Accounts: Fair Oaks Women's Health reserves the right to turn an account over to collections if it is deemed that the account is in default of payment or not in compliance with this policy. In the event you breach this agreement, you agree to pay all collections fees, including court costs, collections agency fees and attorney's fees incurred by us in enforcing the terms herein, whether or not formal legal proceedings are commenced.

Financial Hardship: We understand that sometimes it is a hardship to pay your medical bills timely. Please meet with our Office Manager so we can work out a payment plan. Ignoring medical bills is not advisable. Let us know your situation so we can work with you.

Pharmacy Benefits: Our electronic medical record allows us to download your prescription medication history directly into your electronic chart. This step allows us to have more accurate information about your medications (name of medicine, dosage) and saves us from having to enter your medications separately.

Newborn Circumcisions: Many insurance plans do not pay for newborn circumcisions. If a circumcision is done and is denied by your insurance, you will owe the full fee.

Which Lab should we use? As a courtesy to our patients, we have arranged for Primex Labs to collect tests in our office. Fair Oaks Women's Health provides this as a service to our patients only. We are not affiliated with Primex Labs. They are a separate company and conduct separate billing for their services. You are free to use any lab that you want.

Some patients must go to other labs (for example Quest or LabCorp) due to their health insurance. It your responsibility to know if your health plan has a contract with Primex. There are hundreds of plans and contracts and their terms change over time, so it is not possible for us to know if your plan is contracted with Primex.

EXPLANATION OF MEDICAL BILLING

For all medical services we provide, we will submit a claim to your Insurance Plan. It is extremely important that we have accurate information about your plan. After we receive the EOB (explanation of benefits form), we will determine the amount, if any, that you still owe. Your statements will reflect this amount.

IMPORTANT!: Is our group “in-network” or “out-of-network”? Is the lab we use for blood or urine or cultures or pap smears in or out of network? Is the imaging center we use for mammograms in or out of network? What about the Hospital (Huntington) or the Surgery Center? **If our group, the lab, the imaging center, the hospital or the surgicenter is out of network, then covered benefits can be less or even zero, co-pays can be higher, and deductibles can be higher.** You have to check what your in-network and out-of-network benefits are. Sometimes there are no out-of-network benefits at all.

Introduction

Medical insurance involves 3 common forms of payment to physicians. These are the **co-pay**, the **deductible** and the **co-insurance**.

The fee

Medical billing is called fee-for-service. The doctor provides services, and for each service, there is a fee (or a charge). The amount you owe is usually less than the full fee due to fee-reduction contracts between the doctor and your health insurance company. Contrary to what many people believe, insurance does not “cover everything”.

The co-pay

The co-pay is the amount of money that you owe up front for every doctor visit. Each insurance plan is different. The co-pay might vary in amount or there might be none. The co-pay needs to be paid in advance at the time of your visit. Some co-pays are as high as \$50. We are specialists, so that type of co-pay applies.

The deductible

Many patients have an annual deductible. This is money that the insurance company will determine is owed to the physician, but is paid directly to the physician by the patient. When a claim is processed and a balance due is applied to your deductible, you owe this money to the practice. *See the example below.*

The co-insurance

This is the percentage of the fee that is owed to the practice based on your plan, **AFTER YOU HAVE MET YOUR DEDUCTIBLE**. The amount depends on what the insurance has approved for payment. You owe the co-insurance amount to the practice. *See the example below.*

Example using the above terms

You go to the doctor for a problem. The visit **fee** is \$150. Your **co-pay** is \$10 and this is paid at the time of the visit. A claim is filed with your insurance company. They approve a payment of \$100.00, but you have a 20% **co-insurance**.

The \$100 is what your insurance has approved for the full payment for this visit. You have already paid \$10 of this as your co-pay so the insurance owes \$90. You have a **co-insurance** of 20%, so they will only pay 80% of the \$90. Thus, they will pay only \$72 because your co-insurance is \$18. So you have paid \$28 total (\$10 co-pay plus the 20% or \$18 co-insurance) and your insurance has paid \$72.

If you have an unmet **deductible**, the insurance will “apply” the \$100 to your deductible. In this case, you owe the full \$100 to the practice and your deductible goes down by \$100.

OBSTETRICAL FEES POLICY

The Obstetrical Fee (OB Fee) includes:

- OB Physician Consultation – 1st visit
- All routine prenatal care visits
- Vaginal delivery (C/S is charged a higher fee)
- All postpartum care in the hospital
- All routine office postpartum visits
- urine dipstick each prenatal visit

The OB Fee Does Not include:

- Amniocentesis fees
- Cesarean Section Assistant Surgeon fee
- Cord Blood Collection fee
- Disability and other specialized forms provided or submitted by us
- High Risk Pregnancy – additional fees may apply
- Hospital Services including epidural anesthesia, L&D fees, C/S Operating Room, and others
- Injectable medications given in the office – RhoGam, Vaccines and others
- Lab fees – blood, urine, cultures, genetic testing, etc.
- Newborn care by the Pediatrician
- Newborn circumcision
- NIPT and other genetic testing
- Non-Stress Tests (NST's)
- NT and AFP lab fee (Calif Prenatal Screening)
- Nuchal Translucency Ultrasound
- Office Visits not specifically part of routine pregnancy
- Physician hospital visits for non-delivery related hospital stays
- Pregnancy Confirmation Visit (amenorrhea visit)
- Prenatal education classes
- Sex-check and 3-D ultrasounds are available for a fee, but are not billable to insurance
- Specialist services such as MFM (maternal-fetal medicine) and others
- Tubal ligation fee
- Ultrasound (sonogram) exams

Obstetrical Ultrasound Policy

It is the custom and practice for all obstetrical patients seen at Fair Oaks Women's Health to undergo a minimum of 3 ultrasound examinations per pregnancy. Note: we may use the terms sonogram, sono, scan and ultrasound all referring to an ultrasound exam.

The first ultrasound is performed at the initial visit. This is to verify that you are pregnant, to determine if there is one or more than one fetus, to help establish the correct due date, to make sure that this is not an ectopic pregnancy and to confirm that the pregnancy is viable.

The second ultrasound is performed at about 18 to 20 weeks. This is to evaluate the fetal anatomy, look for possible congenital anomalies and check the position of the placenta. This is a very detailed examination as we check for more than 50 different findings. Sometimes we refer patients to a Maternal-Fetal Medicine specialist for this type of sono.

The third ultrasound is at about 32 weeks. This is to determine if the fetus is head down or breech, to evaluate the amount of amniotic fluid, to determine the estimated fetal weight so we can assess if the fetus is growing properly and to evaluate fetal blood flow through the umbilical cord.

We feel that these three ultrasounds are medically necessary and of vital importance in properly caring for a patient during her pregnancy, even a low-risk "normal" pregnancy. Additional ultrasounds might be done for specific medical reasons, but the above three are the minimum that we believe every obstetrical patient should undergo during her pregnancy.

Some or all of these ultrasounds may not be covered by your insurance provider.

There is significant office expense in providing these services including the salary of the sonographers, the cost of the machines, the supplies and more.

This is one example of many where the rules governing reimbursement for medical tests and procedures do not agree with what physicians feel is proper and necessary medical care. If your insurance provider determines that some or all of these ultrasounds are "not a covered benefit" (or they are considered "experimental" - to use their language), then the cost of the ultrasounds will be your responsibility. We have tried many times to appeal these denials of payment without success. You may use this handout if you wish to appeal these denials on your own.

You will be asked to sign a separate consent agreement that you abide by our OB ultrasound policy. Thank you for your understanding.

COST OF TESTING FOR PRENATAL DNA
(non-invasive prenatal testing - NIPT)
(genetic carrier testing)

Dear OB Patient,

Non-invasive prenatal testing (NIPT, also called cell-free DNA screening) is a breakthrough genetic test. The pregnant woman's blood can be screened for fetal DNA conditions including Down Syndrome (Trisomy 21) and others (including fetal gender). This can help prevent the need for an amniocentesis or a CVS test, both of which are expensive and risky invasive procedures. The test can be done about 9-10 weeks of pregnancy.

[In late 2022, the California Dept. of Public Health (CDPH) Prenatal Screening Program will offer a modified form of NIPT screening, starting at 10 weeks pregnancy. It will not cover microdeletion testing or sex chromosome aneuploidy testing (extra or missing X or Y chromosomes). The cost of this is unknown at this time.]

Genetic Carrier testing checks for DNA conditions in the mother or father that might be silent in one or both parents but could cause a genetic disease in the baby if the abnormal DNA is inherited from both parents.

These types of advanced DNA blood tests can be expensive. Insurance companies have different policies on whether they will approve or deny the tests and even if they approve them, we do not know how much they will cover and how much the patient will owe.

We usually work with Integrated Genetics and LabCorp for their NIPT tests (MaterniT 21 PLUS or MaterniT GENOME) and their genetic carrier test (Inheritest: Comprehensive). The labs try to help lower your out-of-pocket costs if the test is denied by your insurance provider, or when it is approved but the amount is high and is applied to your deductible.

The website below will help provide your estimated cost for DNA prenatal testing with Integrated Genetics:

www.integratedgenetics.com/patients/cost-estimator.

You should do this first so you can enroll in their program and hopefully qualify for a lower cost.

You could also try contacting your insurance company to see if the testing is covered. See below for the billing codes. Try to find out how much they will pay and what your out-of-pocket cost will be. In our experience, this may take a while.

The insurance (CPT) codes are: Mat21 Plus - 81420 and 81422.
Inheritest - 81223, 81404, 81405, 81406, 81407, 81408 and 81479.

You will be asked to sign a separate consent agreement that you have read and understand the information in this handout. Thank you for your understanding.

Authorization for automatic credit card payment (Credit Card on File)

After medical services have been provided, a claim is submitted to your insurance company. After that claim is processed, you may still owe money to our office. This form allows us to process the amounts owed based on the specific details listed below.

Co-payments

We will bill the credit card indicated below for co-payments owed.

Unpaid balances

We will bill the credit card indicated below for unpaid balances over 60 days old, or outstanding balances after your insurance has processed the claim.

Waivered services

We will bill the credit card indicated below for services we provided for which you signed a waiver. Waivered services typically include those that are not paid by insurance, or "optional" services that may be not paid or partially paid by insurance.

Finance charges

We may charge you either 1 percent per month or the maximum allowed by law on any and all unpaid balances after 30 days.

Notification

We will notify you by first class mail of any charges, including those we have applied to your credit card, within 30 days. Notification by first class mail will be sent to the address you have provided.

Statements

If you do not receive monthly statements from us, it is your responsibility to inform us by contacting our business office. Failure to receive a statement does not relieve you from responsibility for payment.

Credit Card Authorization

By your signature below, you indicate your understanding and acceptance of the terms and conditions outlined herein.

“I authorize Fair Oaks Women’s Health to prepare, submit, and collect any and all amounts on my account as outlined above by charging them to the credit card number I have provided below. This agreement will automatically renew at the expiration date of the credit card and remain in force until all amounts are paid or I am no longer a patient of Fair Oaks Women’s Health, whichever comes later. This agreement does not preclude other legal or collections actions”

If you have any questions about our fees or billing, please call our office and ask to speak to the office manager. Call (626) 304-2626. Thank you very much.

**THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED
AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION**
PLEASE REVIEW IT CAREFULLY.

HIPPA PRIVACY NOTICE

We understand the importance of privacy and are committed to maintaining the confidentiality of your medical information. We are required by law to maintain the privacy of protected health information and to provide individuals with notice of our legal duties and privacy practices with respect to protected health information. This notice describes how we may use and disclose your medical information. It also describes your rights and our legal obligations with respect to your medical information. If you have any questions about this Notice, please contact our Privacy Officer (see end of Notice).

How this Medical Practice May Use or Disclose Your Health Information

This medical practice collects health information about you and stores it in a chart and on a computer. This is your medical record. The medical record is the property of this medical practice, but the information in the medical record belongs to you. The law permits us to use or disclose your health information for the following purposes:

Treatment. We use medical information about you to provide your medical care. We disclose medical information to our employees and others who are involved in providing the care you need. For example, we may share your medical information with other physicians or other health care providers who will provide services which we do not provide.

Payment. We use and disclose medical information about you to obtain payment for the services we provide. We may also disclose information to other health care providers to assist them in obtaining payment for services they have provided to you.

Health Care Operations. We may use and disclose medical information about you to operate this medical practice. For example, we may use and disclose this information to get your health plan to authorize services or referrals. We may also use and disclose this information as necessary for medical reviews, legal services and audits. We may also share your medical information with our "business associates", such as our billing service, that perform administrative services for us. (We have a written contract with each of these business associates that contains terms requiring them to protect the confidentiality of your medical information.) We may also share your information with other health care providers, health care clearinghouses or health plans that have a relationship with you, when they request this information to help them

with their quality assessment and improvement activities, their efforts to improve health or reduce health care costs, their review of competence, qualifications and performance of health care professionals, their training programs, their accreditation, certification or licensing activities, or their health care fraud and abuse detection and compliance efforts.

Appointment Reminders. We may use and disclose medical information to contact and remind you about appointments. If you are not home, we may leave this information on your answering machine or in a message left with the person answering the phone.

Sign in. We may use and disclose medical information about you by having you sign in when you arrive at our office. We may also call out your name when we are ready to see you.

Notification and communication with family. We may disclose your health information to notify or assist in notifying a family member, your personal representative or another person responsible for your care about your location, your general condition or in the event of your death. We may also disclose information to someone who is involved with your care or helps pay for your care. If you are able and available to agree or object, we will give you the opportunity to object prior to making these disclosures, although we may disclose this information in a disaster even over your objection if we believe it is necessary to respond to the emergency circumstances. If you are unable or unavailable to agree or object, our health professionals will use their best judgment in communication with your family and others.

Marketing. We may contact you to give you information about products or services related to your treatment, case management or care coordination, or to recommend other treatments or health-related benefits and services that may be of interest to you, or to provide you with small gifts. We may also encourage you to purchase a product or service when we see you. We will not use or disclose your medical information without your written authorization.

Required by law. As required by law, we will use and disclose your health information, but we will limit our use or disclosure to the relevant requirements of the law. When the law requires us to report abuse, neglect or domestic violence, or respond to judicial or administrative proceedings, or to law enforcement officials, we will further comply with the requirement set forth below concerning those activities. We may also disclose information about you in response to a subpoena, discovery request or other lawful process if reasonable efforts have been made to notify you of the request and you have not objected, or if your objections have been resolved by a court or administrative order.

Public health. We may, and are sometimes required by law to disclose your health information to public health authorities for purposes related to: preventing or controlling disease, injury or disability; reporting child, elder or dependent adult abuse or neglect; reporting domestic violence; reporting to the Food and Drug Administration problems with products and reactions to medications; and reporting disease or infection exposure.

Health oversight activities. We may, and are sometimes required by law to disclose your health information to health oversight agencies during the course of audits, investigations, inspections, licensure and other proceedings, subject to the limitations imposed by federal and California law.

Change of Ownership. In the event that this medical practice is sold or merged with another organization, your health information/record will become the property of the new owner, although you will maintain the right to request that copies of your health information be transferred to another physician or medical group.

When This Medical Practice May Not Use or Disclose Your Health Information

Except as described in this Notice of Privacy Practices, this medical practice will not use or disclose health information which identifies you without your written authorization. If you do authorize this medical practice to use or disclose your health information for another purpose, you may revoke your authorization in writing at any time.

Your Health Information Rights

Right to Request Special Privacy Protections. You have the right to request restrictions on certain uses and disclosures of your health information, by a written request specifying what information you want to limit and what limitations on our use or disclosure of that information you wish to have imposed. We reserve the right to accept or reject your request, and will notify you of our decision.

Right to Request Confidential Communications. You have the right to request that you receive your health information in a specific way or at a specific location. For example, you may ask that we send information to a particular e-mail account or to your work address. We will comply with all reasonable

requests submitted in writing which specify how or where you wish to receive these communications.

Right to Inspect and Copy. You have the right to inspect and copy your health information, with limited exceptions. To access your medical information, you must submit a written request detailing what information you want access to and whether you want to inspect it or get a copy of it. We will charge a reasonable fee, as allowed by California law. We may deny your request under limited circumstances.

Right to Amend or Supplement. You have a right to request that we amend your health information that you believe is incorrect or incomplete. You must make a request to amend in writing. We are not required to change your health information, and will provide you with information about this medical practice's denial and how you can disagree with the denial. We may deny your request if we do not have the information, if we did not create the information, if you would not be permitted to inspect or copy the information at issue, or if the information is accurate and complete as is.

Right to an Accounting of Disclosures. You have a right to receive an accounting of disclosures of your health information made by this medical practice. However, this medical practice does not have to account for the disclosures provided to you or pursuant to your written authorization, or as described in the paragraphs headed treatment, payment, health care operations, and notification and communication with family, of this Notice of Privacy Practices, or disclosures for purposes of research or public health which exclude direct patient identifiers, or which are incident to a use or disclosure otherwise permitted or authorized by law, or the disclosures to a health oversight agency or law enforcement official to the extent this medical practice has received notice from that agency or official that providing this accounting would be reasonably likely to impede their activities.

Changes to this Notice of Privacy Practices

We reserve the right to amend this Notice of Privacy Practices at any time in the future. Until such amendment is made, we are required by law to comply with this Notice. After an amendment is made, the revised Notice of Privacy Protections will apply to all protected health information that we maintain, regardless of when it was created or received. We will keep a copy of the current notice posted in our reception area. We will also post the current notice on our website (www.fowh.com)

Complaints. Complaints about this Notice of Privacy Practices or how this medical practice handles your health information should be directed to our Privacy Officer. If you are not satisfied with the manner in which this office handles a complaint, you may submit a formal complaint to the Department of Health and Human Services in Washington, DC. You will not be penalized for filing a complaint.

Privacy Officer: Mercedes Bin
Effective July 2016

CONSENT AGREEMENTS (OB PATIENTS)

OFFICE FINANCIAL POLICIES

By signing below, I acknowledge that I have read the handout regarding the FOWH Financial Policies and I agree to all the provisions in it. I will update the office whenever my health insurance policy changes. I will keep all scheduled appointments and arrive at least 15 minutes early for check-in procedures. I will notify the office at least 24 hours in advance if I cannot keep a scheduled appointment.

Initials _____

OB FEES POLICY

By signing below, I acknowledge that I have read the handout on FOWH OB Fees Policy, and I agree to it. I understand that **I am personally obligated to pay for all medical services rendered** regardless of whether or how much my insurance company has paid.

Initials _____

OB SONO CONSENT

By signing below, I acknowledge that I have read the handout regarding the FOWH Ob Ultrasound Policy and I agree to it. I have been advised that the physicians at Fair Oaks Women's Health require a minimum of 3 ultrasound examinations during my pregnancy in order to provide optimal obstetrical care. I have been advised that if my health insurance provider denies coverage for some or all of these 3 ultrasounds, I will be financially responsible for their cost, in addition to my obstetrical care fee. I am aware that I can appeal the insurance denial and that Fair Oaks Women's Health will assist me in doing so.

Initials _____

COST OF NIPT (Non-Invasive Prenatal Test, or cell-free DNA blood test)

By signing below, I acknowledge that I have read the handout regarding the Cost of Testing for prenatal DNA (NIPT and/or genetic carrier screening) and I agree to it. I understand the issues discussed in the handout. I am aware that it is ultimately my responsibility to determine if my insurance will pay for these tests or not, and what my out-of-pocket costs might be.

Initials _____

CREDIT CARD ON FILE

By signing below, I acknowledge that I have read the handout regarding the FOWH Authorization for Automatic Credit Card Payment Policy and I agree to all the provisions in it.

Initials _____

HIPAA DISCLOSURE

By signing below, I acknowledge that I have read the handout regarding the Notice of Privacy Practices and I agree to it. I hereby authorize Fair Oaks Women's Health to discuss/reveal the following personal protected health information with the person(s) listed below:

____ Any or all of my medical care, treatment and/or test results

____ Same as above except: _____

____ Only the following information: _____

____ I do not authorize any disclosures to others (except when permitted as specified in the Practice Privacy Notice)

Authorized person(s) Provide Name and Relationship:

Initials _____

PATIENT NAME _____ DATE _____

PATIENT SIGNATURE _____

**This form is for our pregnant patients. If you are NOT pregnant, please fill out the GYN History Form.
 Thank you for answering the following questions. Your health is important to us. Congratulations!**

OBSTETRICS PATIENT HISTORY FORM

TODAY'S DATE _____ Your age _____ DATE OF BIRTH _____
 YOUR NAME (Last) _____ (First) _____ (M.I.) _____
 Your spouse/partner's full name _____
 Your Ethnicity _____ REFERRED HERE BY _____

CURRENT PREGNANCY

What was the FIRST day of the last menstrual period? _____ Is this date definite? (Y/N) _____
 Cycles regular? (Y/N) _____ Cycle length (avg=28 days) _____ Date of first pos. preg. test _____
 Conception (check one): _____normal Date of conception? _____ IUI (date _____)
 _____IVF frozen embryo (transfer date _____), what day # was embryo? (e.g. day 5, day 6...)
 Was this pregnancy from an egg donor? YES NO If yes, please enter the age of the donor: _____
 What was your weight just before becoming pregnant? _____ What is your height? _____
 When was your last pap smear? _____ By whom? _____ Was it normal? YES NO
