# WHO WE ARE

---

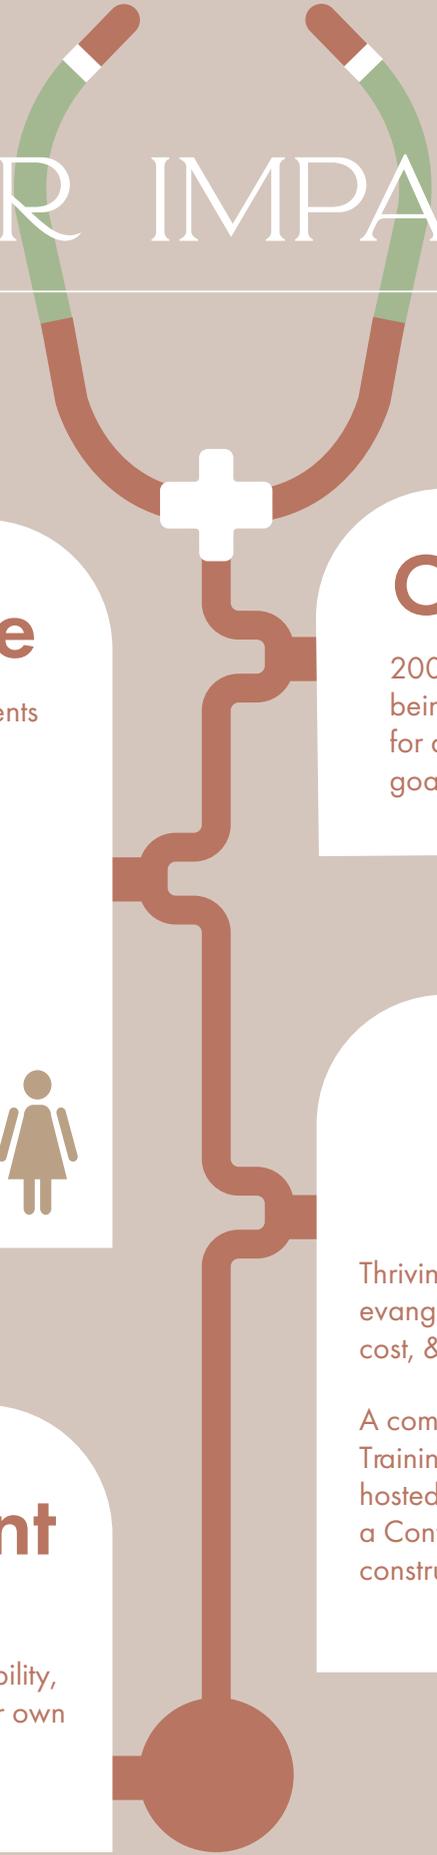

The ministry of Restoration Gateway was birthed in 2004 when a few Ugandan men began meeting to pray under a tree on the land presently held by the project. Their prayer was that God would send someone to help restore all that the enemy had stolen in their land.

God answered those prayers and called Dr. Tim and Janice McCall to move to Uganda. The first trip by the McCalls took place in May of 2005, and the land was selected. Over the next 18 months, legal title to the land was obtained and a Ugandan Nongovernmental Organization (NGO) and U.S. nonprofit were established. Tim McCall, M.D., moved onto the raw land in 2007, built a road to the project, and began developing infrastructure. His wife Janice joined him that summer.

Restoration Gateway is now home to 200 children, with the goal of becoming a loving, Christian home to 300 children. In addition, RG employs over 250 Ugandans. We operate a 180-bed hospital that serves patients all throughout the country. RG has the ultimate goal of self-sustainability, and currently supplies about 70% of their own food through onsite agriculture. For further self-sustainment, RG plans to build a resort to bring in revenue and supply jobs for more Ugandans. Our ministry to the church includes plans to complete the Bible Mission Training School and build a Conference Center, as well as host church on campus each Sunday. We share the gospel with neighboring communities and emphasize the most restorative aspect of it all: intimacy with Jesus Christ.

Your sponsorship of an evening with Restoration Gateway and Chris Tomlin will help us to continue to meet fundamental needs for Ugandans while giving your business exposure to concert attendees. With your support, Restoration Gateway can offer hope for a future to unreached people, provide holistic care to orphans, and meet the medical needs of the war-torn people of northern Uganda. We thank you for considering a partnership with Restoration Gateway.
