

Give more to your patients. Let us assist you with your 340B program.

A SPECIALTY PHARMACY
Part of the EVERS family of companies

About the Pharmacies

Evers Pharmacy is conveniently located in New York City to service the entire metropolitan area. Independent ownership enables us to offer a personal, customer-focused approach to the provision of pharmacy services. There are no “corporate” policies that limit individualized service and therefore no delays in the development and implementation of solutions to services or issues should they arise.
