

2021 AllHealth Network Indigent Medication Funding Guidelines

The AllHealth Network Indigent Medication Fund provides short-term prescription assistance to established AllHealth Network clients experiencing financial hardship. Eligible patients typically have no prescription drug benefits or have exhausted their coverage. All applications are reviewed case-by-case. The purpose of the AllHealth Network Indigent Medication Fund is to assist patients who have no coverage and cannot afford their prescriptions. The medication and services provided will vary depending upon the needs of each client. Each client will be assessed for appropriateness for participation in the program, which includes meeting indigent criteria.

Eligibility Criteria:

1. You must receive care from an AllHealth Network clinic and/or regularly get your prescriptions filled at the AllHealth Network Pharmacy.
2. Prescriptions must be written by an AllHealth Network provider.
3. Funding is for psychiatric, supportive care and limited medical medications.
4. You have no insurance coverage for prescription medicines or your coverage has been exhausted.
5. Your total Gross Annual Household Income is at or below 2.5 times the Federal Poverty Level (see chart)
 - Total number of persons in household includes yourself and those for whom you are financially responsible.
 - Total Gross Income includes: income from all earners in the household before taxes and deductions.
6. Funding is typically limited to one or two months to bridge medications, while other more permanent solutions are being implemented.
7. There is a medication formulary and maximum pricing for medications that is allowed; so certain, very expensive medications will require review and approval prior to being covered.

Total number of people in household	1	2	3	4	5	6	7	8
Maximum Annual Income (2021)	\$31,900	\$43,100	\$54,300	\$65,500	\$76,700	\$87,900	\$99,100	\$110,300
