The Hunt Roster is edited and compiled by the Masters of Foxhounds Association from annual questionnaires sent to each hunt. Send corrections to office@mfha.com.
Dear Members,

As you know, the MFHA Board recently updated our Strategic and Communications Plans with the guidance of our strategic planning consultant. This process resulted in two clear recommendations: the Executive Director role becomes two positions, a Director of Hunting and a Director of Operations. Andrew Barclay has been appointed as our Director of Hunting and Billie-Jo Pearl as our Director of Operations. Maggie Johnston joins us to focus on member services. We invite you to include a visit to your Headquarters in Middleburg when in the area!

The second recommendation addressed our communications strategy. Our consultant feels that a broader approach is needed in developing consistent messaging. As we fulfill these recommendations, you will notice this issue of Covertside looks different than past fall issues. The Hunt Roster is included within this edition along with photos from hunts. We hope you enjoy this special edition!

With spring and summer events cancelled due to the COVID-19 pandemic, our spirits were dampened. However, there is a silver lining! Hunts are experiencing a resurgence of interest and participation. It is exciting to see friends and families now having the time to enjoy outside activities. Hunting has always been a beacon of light which so many of us turn towards. Let us all appreciate the outdoors, the comradery, and the pleasure our hounds and horses bring us.

Sincerely,

Patrick Anthony Leahy, MFH President
