Happy Spring!

We are finally back from our annual buying trip at the Tucson International Gem, Mineral & Fossil Show and what a trip it was! We brought back more new inventory than ever before. Quartz seemed to be the star of the show this year and you won't believe what all we brought back, truly something for everyone. For the next few weeks we will be sharing pictures on our social media of treasures we saw while shopping in Tucson and some sneak peeks of inventory being processed for the Truck Show. Mark your calendar for the first day of our Tucson Truck Show, **MARCH 10TH**. Opening at **10:00 am**.

We will be sending our flyer with product descriptions of our truck show inventory by email next week so be sure to watch for it in your inbox. After looking at our flyer take a second and check out our new reformatted online store. As mentioned below, we listened to your request and decided to save any further confusion by having Nature's Treasures communications,

LOOK FOR US ON SOCIAL MEDIA!

What's New?

announcements, social media and online store all be accessible from our main page NTRocks.com. Be sure to follow and like us on Facebook for exclusive promotions and flash sales!

We also heard that more of you wanted Nature's Treasures sponsored educational events. Well, because of your input, we have put together a two day Tarot & Oracle Exposition to be held next month on April 14th & 15th. The event will feature product vendors, seminars, lectures, readers, deck illustrators and designers and a whole host of fun activities. Check it out online for more details and reserve your lecture seats before they fill up.

March brings spring cleaning in our homes, offices and our personal lives. If you plan ahead a little and slowly start now it won't be as painful when the time comes to let go. With Mercury going retrograde for the first time this year, it may feel a little more chaotic than usual and we'll probably all be glad when April arrives. So, stay alert, ~breath~ and roll with the surprises. Remember it's just life helping us learn our lessons so we can grow.

Blessings to all,
Karen and the staff

Aquamarine, the blue variety of Beryl, is a stone of release. Its calming energies reduce stress and quiet the mind, giving support to those overwhelmed by responsibility. It can invoke tolerance o others and helps one overcome judgmentalism. Clarifies perception, sharpens the intellect and clears confusion. Useful for closure on all levels. Promotes self-expression.

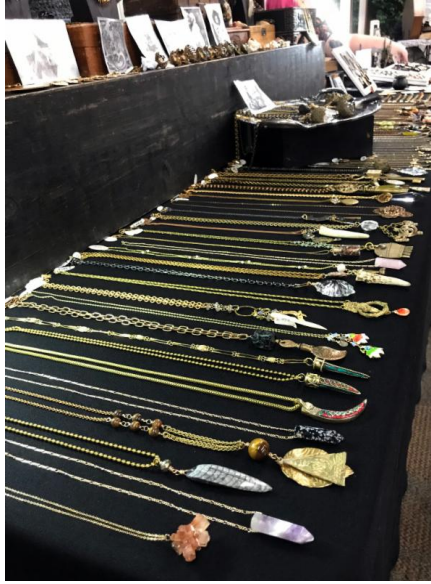

Aquamarine has been worn as a protective talisman by seafarers for centuries. It also has been used by ancient peoples to protect mother and child from harm during pregnancy. As recently as the Middle Ages, Aquamarine would be placed in water to treat eye and respiratory problems.

Austin Agates Exclusive

This month it is an El Sueco from Chihuahua, Mexico. This small nodule show extreme parallax, commonly called shadow effect. This is very desirable feature to collectors of banded agates.

Notes on Agates:

Silica is the key component to agate formation since it belongs to the quartz family made up of SiO₂. Because of their beauty and durability, agates have been used since the Neolithic as tools, jewelry, tableware and decor for thousands of years. Although agate has been used for ages, new world agates have only been mined recently and many varieties are mined out.

ALTER YOUR TEMPLE WITH AN ALTAR

by: *Folade Speaks*

March brings the first day of Spring, and an altar is an auspicious way to offer gratitude, establish deeper Spirit connection, and welcome beginnings.
