Issue April 2019

Newsletter

Happy Easter Everyone!

I hope everyone has adjusted to the time zone change. Every year it seems to get harder and harder for me to adjust. I'd like to think we could manifest a time where it will no longer be necessary to alter Nature's time clock. It's hard to imagine early Native Americans, or Egyptians, or even Caveman finding the need to spring forward and fall back.

A great big thanks to everyone who came to our 13th Annual Tucson Trunk Sale. Thanks to all who braved the SXSW traffic to come see us and thanks to all our new SXSW attendees who found us and loved their experience. We introduced new products and opened up more display areas on our campus allowing us to show you more of what we brought back. Watch for all the new trunk sale items in the store plus surprises we were unable to process in time for the trunk sale.

April is looking like a very busy time for us. Check out the details below but some highlights include I'll be giving a lecture on Sunday, April 14th at the Metaphysical Fair at the Holiday Inn plus, for the first time, we'll be a vendor in at the Texas Mineral & Fossil Show in Conroe, Texas at the end of the month, April 26th thru the 28th. We're really celebrating Easter this year starting with our booth at the Austin Reggae Festival Friday, April 19 thru 21, our annual special Easter Egg Hunt here at Nature's Treasures on Saturday April 20th. plus our Earth Day celebration on April 22nd. Be sure to watch for some Eggeceptional flash sales in our online store Easter weekend.

Some little tidbits about Easter, named after the goddess Eostre, it is probably best known as the Christian celebration of the resurrection of Jesus but also represents Spring with the coming back of life and even indirectly the Jewish tradition of Passover. Ever wonder how the egg and bunny ended up in all of this? The egg is simple in that it's always been an ancient symbol of new life and rebirth so it fits right in. The Easter bunny, on the other hand, was first documented back in the 1500's with a surge of notoriety in the 1700's, and finally in the 1900's, it was decided the bunny did such a great job of giving new starts to life that it would be a great official representation for regeneration of life. With the egg best symbolizing rebirth, the two became a perfect pair so now they get to be our Easter basket

accompaniments.

Think about where you are in your life and if a new stage or regrowth is happening, or needs to happen. Embarking on that new chapter this month will make your life so much easier.

Happy Resurrection and Rebirth aka Easter

Blessings

**April's
Birthstone**

Diamond

The Diamond, in its rarity and beauty, is a symbol of purity and innocence, of love and fidelity, and embraces strength of character, ethics, and faithfulness to oneself and others. It is indicative of the loving and open nature with which one came into the physical realm, and encourages the aspect of truth and trust. It is a love-bearing crystal, regarded in antiquity as dependable in its virtues only when received as a gift. Today the engagement ring, wedding ring, and other articles of jewelry symbolize the gift of persons in love.

Perfect in structure, Diamond is referred to as the "king of gems," unique in its powers of light reflection and dispersion, and the hardest natural substance known. Composed of pure carbon, the foundational element of life, it is the one and only "10" on the hardness scale, crystallized deep in the earth's mantle under intense heat and pressure. Its name is derived from the Greek adamas, meaning "indomitable," "unbreakable," or "untamable," and diaphanus, meaning "transparent."

Nature's Treasures

4103 N. INTERSTATE 35 AUSTIN, TEXAS 78722

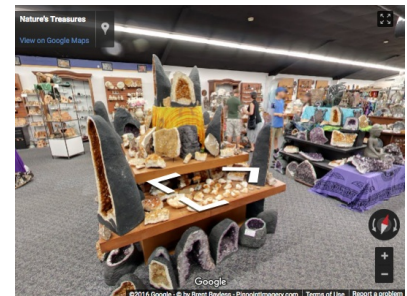

For more information folade@ntrocks.com www.ntrocks.com

Michael is a country boy from West Texas who loves rocks, books, and hugs. He makes dream catchers and macramé, hikes, swims, and enjoys quality time with his doggie companion, Merlin. You can find him on the trails or in the water when he's not working for Nature's Treasures as the Rock Depot Supervisor.

Take a Virtual Tour

Can't get into the store? Want to take a virtual tour? Google came out and did a VR of Nature's Treasures. Check it out here!

**NATURE'S TREASURES PRESENTS:
AN INTERNATIONAL EXPOSITION OF AGATE**
Hosted by Nature's Treasures at The Norris Center

Coming to Austin - Summer 2019

Check it out on [Facebook!](#)

Austin Agates Exclusive

Laguna agate from Chihuahua Province, Mexico.

Notes on Agates:

Silica is the key component to agate formation since it belongs to the quartz family made up of SiO_2 . Because of their beauty and durability, agates have been used since the Neolithic as tools, jewelry, tableware and decor for thousands of years. Although agate has been used for ages, new world agates have only been mined recently and many varieties are mined out.
