Happy Thanksgiving!

Greetings,

Oh what fun everyone had at our Denver truck sale. So many happy new homes for our crystals. Thanks to everyone who came and shared this event with us. We also enjoyed some very yummy Peruvian food from Llama's food truck and have invited them back for our 2018 Tucson Truck Sale in March.

It was great seeing so many of you at the Austin Gem & Mineral Show last month plus renewing acquaintances with other vendors and saying hi to great friends at Fossilmania in Glen Rose.

November is turning out to be quite an eventful month for us. We are scrambling to put together specially selected inventory for our Black Friday and Cyber Monday specials. Be sure to check them out, you'll be glad you did! Remember November 24th thru 27th is our annual Customer Appreciation Sale where everyone selects a gift box from our treasure chest with a coupon inside offering anywhere from 20% to 50% off all purchases for the whole weekend. This sale is also the time when we offer all our salt lamps at 50% off and stuff the store with new inventory for holiday

gift buying in addition to some in store specials.

We think of November as the time for the giving of thanks so I'm thanking each and everyone of you who help to make Nature's Treasures grow every year with your purchases and participation in our events. It has become customary to share thanks with family and friends on Thanksgiving. I'd like to suggest you take 20 minutes and jot down what you are thankful for in 2017. Then make another list of what you want to be thankful for in 2018 (it's ok to duplicate some things each year). You'll be amazed at how much of that list you have manifested when you read it next Thanksgiving. Wishing everyone a wonderful and blessed Thanksgiving holiday.

Blessings,
Karen and the staff

A Trove of Knowledge

Healing Lamps

by Folade Speaks

As Sunlight vanishes earlier into the evening sky, it is time to begin utilizing other forms of light. India's Diwali Festival on October 19 is set against the New Moon, and we begin lighting the fireplace and creating bonfires to invoke the light. Around the globe, in various ways, we are now honoring this season of darkness and hibernation in our homes, and within our internal rhythm. There is a calling for subtle light in the home now, whether candles, fireplaces, or soft lighting. As you make choices with cozy autumn lighting that warms the energy in the home and Spirit, there are many metaphysical lamp options that can benefit your homes, studios, and offices throughout this season.

SALT LAMPS

Unlike crystal lamps, Himalyan salt is greatly amplified by heat from within.

Therefore, in order to best invoke its healing properties, Himalayan Salt lamps are ideal. When buying a lamp, refer to online sources to learn the square footage recommendations for each Himalayan Salt lamp.

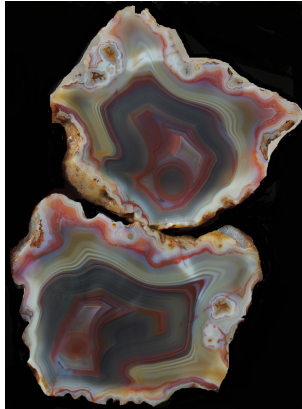

The smaller lamps reach only a certain square footage, whereas larger lamps reach a greater space. Since they are best heated, the lamps should be lit for longer periods of time, especially when placed on a surface such as countertops and some wooden tables. When not placed in spaces with good air circulation, or in air conditioning, the lamps tend to sweat and shed which results in a rock that will wane as time passes. There are so many benefits to investing in multiple lamps!

To read the Full Article, including write-ups on other beneficial natural stone lamps, pick up the November Issue of [Austin All Natural](#) at Nature's Treasures or your nearest grocer.

Austin Agates Exclusive

**Island Agate and both halves

A Note on Agates:

Silica is the key component to agate formation since it belongs to the quartz family made up of SiO₂. Because of their beauty and durability, agates have been used since the Neolithic as tools, jewelry, tableware and decor for thousands of years. Although agate has been used for ages, new world agates have only been mined recently and many varieties are mined out.
