

Ruby

HOTEL & BAR

AN OVERVIEW

History

The Ruby Hotel is perched on three shady acres atop a bluff overlooking Brushy Creek in Round Rock, TX. Inspired by the 1960's house that was original to the site and a love letter addressed to a "Dearest Ruby" found on the site, the Ruby offers a respite located just four blocks north of downtown.

With a love letter and an imagination, we here at The Ruby Hotel believe our "Dearest Ruby" was a young woman who lived in small-town Round Rock. Inspired by an ever changing world and challenged by a generation defined by tradition, Ruby set out to find her own voice after graduating from high school around the 1930's. With a passion for adventure and exploration, she dreamt of traveling the world. First she headed to Chicago, then New York, and as her ambitions grew, San Miguel, Paris then London. Ruby sparked her share of conversations as she collected her friends, her memories, and well...her collection. The music of Etta James, Sam Cooke, and Chet Baker provided the soundtrack to the gatherings she curated around the tables she sat. In this unique spot overlooking Brushy Creek, the delight of mingled surroundings is evidence of a life well lived. An eclectic and cozy place Ruby called home.

The Ruby Hotel is a small hotel in Round Rock, convenient to Austin, with the simple promise of allowing you to discover service, hospitality, and surroundings that will delight you.

Rooms

The Ruby Hotel offers thirty-nine expertly curated rooms and suites. Rooms at The Ruby are designed with clean lines, defining color, floor-to-ceiling windows, and a balcony with calming views of either our Garden or Brushy Creek. Each room comes equipped with a 55" flat screen TV, micro-fridge, Tivoli Bluetooth radio and alarm clock, Nespresso individual cup coffee machine, vintage custom décor, and LATHER natural soaps and shampoos. At night, enjoy our luxurious linens made of Egyptian Cotton by Parachute for a rested and relaxed night's rest.
