## AT HOME GUIDEBOOK

## FOR HOME MEDICAL EQUIPMENT

*Family owned and operated since 1958*

Chad Wojnar RPh, Co-Owner  
Jack Loveland RPh, Co-Owner

**WWW.MEDICALPHARMACYCT.COM**

**TO OUR VALUED CUSTOMER:**

**It is our sincere hope that this booklet will help you become more familiar with home medical equipment and the various products and supplies available to you. The enclosed information is offered as a guide to help you choose those products best suited for your situation - whether you are the patient or the caregiver.**

**Please be aware that while we may not offer all the products shown in this guide, we will provide you with the resources whenever possible for those items we do not offer.**

**Additionally, the product illustrations in this guide are a representation of available products and may vary somewhat from those we offer.**

**Our contact information can be found on the front and back of this guide.**

**Also, it will be easier and quicker for us to assist you, if you have the following information available prior to contacting us:**

- **Type of insurance (Medicare, Medicaid, Private insurance**
- **Insurance Plan/group/Policy Number.**
- **Subscriber's identification number for Medicare, Medicaid, or Private (not government) Insurance Company**
- **Patient's full name as it appears on the Medicare, Medicaid, or Private Insurance Company card.**

**We may require additional information based on your individual needs and circumstances. Always write down the name of the person who helped you. This will make it easier should you need further assistance or more information. If you have any questions regarding Medicare, you or your caregiver should visit the Medicare web site located at [www.medicare.gov](http://www.medicare.gov).**

## Walkers & Accessories

## Walkers

- Lightweight with a rigid frame
- Can fold for easy storage or to fit in narrow openings
- Various styles and sizes available including heavy duty and bariatric sizes

## Walker Basket

- Used to transport items while using a walker
- Sturdy design
- easily attaches to the front of the walker

## Wheel Attachment

- Front wheel foot pieces allow for easier maneuvering over difficult surfaces and help provide a more natural walking stride
- Wheel attachments are to be used on the front legs of the walker only

## Walker Pouch

- Carry small items when using a walker
- Easy to attaches to the front of the walker

# **Wheelchairs, Transport Chairs & Accessories**

## **Transport Chair**

- Weighs only 19lbs
- Aluminum frame is lightweight and strong
- Composite 8" wheels are lightweight and maintenance free
- Both 17" and 19" come with swing away footrests
- Comes with a seat belt for added safety
- Padded armrests provide additional comfort
- Nylon upholstery is comfortable, lightweight and easy to clean
- Back folds down for storage and transport

## **Manual Wheelchairs**

- Standard chair - fold for travel, sturdy frame, adjustable arms
- Heavy duty bariatric chairs available in multiple widths

### **Wheelchair Tray**

- Solid surface for working, eating, or carrying items
- Many styles available
- Attaches easily to wheelchair armrests

### **Wheelchair Cushions**

- Many types and styles available
- Aids in the prevention of ulcers, distributes pressure evenly

### **Back Packs & Seat Pouches**

- Many styles and colors available to carry your personal belongings
- Fits on the back of standard and bariatric wheelchairs

- Stay mobile and independent during recovery
- Easily steerable, while tight turning radius allows for optimum maneuverability in narrow spaces such as hallways and doorways
- Dual rear- on braking system provides immediate stopping ability and control while navigating
- Push - button parking brake incorporated into handbrake for when you need to rest safely
- Padded leg support provides comfort, stability and is easily compatible with left or right leg
- Quickly and easily adjust the height of the kneepad or handlebar to cater to your individual needs, no tools required
- Foldable design allows for convenient storage and portability
- Strong, durable frame supports users up to 350lbs
- 8" wheels are ideal for indoor/outdoor use

### **Knee Walker**

## Duet Rollator

- Combines the features of a rollator and a transport chair all in one unit. An individual can ambulate independently or be pushed safely by a caregiver
- To use as a transport chair the Duet has locking flip-up armrests and a flip-up footrest to aid the user. A safety lock release is used to store the arms and a hook and loop fastener strap is used to store the footrest while using the Duet for ambulation
- The tool free two position contoured padded backrest is reversible depending on whether you are using the Duet as a rollator or in a transport chair mode
- Comes with a padded seat with a carry pouch for added privacy and security of personal items. Inside the pouch is a handle to aid with the folding of the chair
- The folding frame has a lock out feature to ensure the unit stays open while in use and ensures the unit will stay folded during transport
- 8" casters are ideal for indoor/outdoor use
- Handles are adjustable in height, with a self-threading knob

## **Beds & Accessories**

### **Over Bed Table**

- Rolled into position over the bed to provide a flat surface for eating, reading and writing
- Can be used with most recliners and lift chairs

### **Home Bed Rails**

- Added protection
- Designed to fit your own bed and available in half a full-length size

### **Hospital Bed with Side Rails**

- Semi-electric bed is a Medicare Covered item
- Fully electric bed available for a small monthly fee for more comfort

### **Trapeze Bar**

- Makes moving to and from the bed much easier
- Easy to use and attaches right to the hospital bed

### **Bed Assist Rail**

- Makes getting in or out of bed easier
- Adjustable legs
- Easy to use, just slip the bar in between the mattress and box spring

## Foam Bed Wedge

- Variety of sizes add comfort and support
- Use with a hospital bed or your own

## Pressure Relief Overlay Mattress

- Increase circulation and reduce pressure for a more comfortable night's sleep
- Wide range of surfaces (foam eggcrate, air cell designs)

## Fitted Sheet Sets

- Keeps sheets in place
- Available in a variety of colors
- Specifically designed to fit hospital beds

# Patient Lifts & Seat Lift Chairs

### **Seat Lift Chair**

- Helps you to stand more safely with less pain
- Stylish recliner type chair with hand control
- Durable steel frame
- Wide range of sizes, styles, and covers

### **Hydraulic Patient Lift**

- Aids in moving to and from the bed
- Cradle lift to lift position and move to bed to chair
- Can be used with u-sling or Classic- style sling

## **Bathroom Supplies**

## Transfer Tub Bench

- Move from your wheelchair into your tub more safely and easily
- Aids in stepping safely over the side of the tub
- Comfortable, secure bath seat
- Heavy duty model available

## Shower Chairs

- Sit and enjoy the shower safely
- Padded seat is available for your comfort
- Adjustable aluminum frame
- Heavy duty model available

## Wheeled Shower Chair

- Lightweight frame with toilet type seat for those who need assistance
- Best used for a roll-in shower
- Will fit over standard size toilets

## **Raised Toilet Seat**

- Raises your current seat height by 2-5"
- Easy to install - no tools needed
- Molded and padded styles are available attaching arms are available

## **Bedside Commode**

- Sturdy frame and bucket design
- Can also be used for greater safety and stability around your toilet
- Standard and Bariatric sizes are available

### **Hand Held Shower**

- Makes bathing easier and more comfortable while seated
- Can be mounted on a wall
- No special plumbing needed

### **Long Scrub Sponge**

- Designed to help with those hard-to-reach places
- Two-sided sponge with long handle to use without raising hand above shoulder

### **Grab Bars**

- Wall mount or tub mount styles
- Provides a more stable grip while entering or exiting the tub/shower
- Available in a variety of sizes, shapes, and colors

A pair of white, adjustable crutches is shown leaning against a light-colored wall. The crutches have a curved design and are equipped with green foam padding at the top handles and at the bottom feet. They feature several adjustment points along the shafts, including a central horizontal bar with a sliding mechanism and small screws for fine-tuning. A large, soft shadow of the crutches is cast onto the wall behind them, extending to the right. The lighting is soft and directional, highlighting the texture of the foam and the smooth finish of the shafts.

**Canes,  
Crutches &  
Accessories**

### Assorted Canes

- Variety of styles available in metal or wood with many types of handgrips
- Adjustable to fit height

### Cane Tips

- Replacement cane tips in a variety of sizes

### Crutches
