

Dear dancers and families,

Christmas Spectacular show costumes are being distributed for our upcoming show! We have been facing the supply and demand issues along with our costume companies. As you have noticed some of the costumes will be a little different than what we had originally hoped for. The reasoning for this is because of back order. Factories do not currently have enough workers to get costumes made and distributed in enough time. So unfortunately, when we received word that some of the costumes were on back order, I quickly did everything possible to pick out all new costumes that were in stock and in the sizes that we needed for those classes. All of the costumes are absolutely stunning! I thank you so much for your understanding and being patient with us as we navigate through these issues that arise. Any costumes that have not come in by your class time, our staff will have those costumes at the theatre on the day of dress rehearsal.

Thank you,
Rebekah Blythe
Owner/ Artistic Director
