Partner Forces Announces GSA Professional Services Schedule Award

Austin, TX, August 6, 2019 - Partner Forces, LLC, a Woman-Owned Small Business, received notification that the U.S. General Services Administration (GSA) awarded the company a Professional Services Schedule (PSS).

GSA created the single PSS to give Federal agency acquisition professionals the ability to obtain total contract solutions for their professional services needs using a single contract vehicle. Using streamlined procurement procedures, PSS offers Federal agencies access to experienced contractors who provide a wide range of professional services at discounted and competitive prices, while eliminating significant contract duplication and workload previously associated with negotiating, administering, and auditing multiple contracts.

GSA awarded Partner Forces a schedule for the following Special Item Numbers (SINs):

- **874-1 - Integrated Consulting Services.** Services under this SIN encompass management or strategy consulting, including research, evaluations, studies, analyses, scenarios/simulations, reports, business policy and regulation development assistance and strategy formulation; facilitation and related decision support services; survey services, using a variety of methodologies, including survey planning, design, and development; survey administration; data validation and analysis; reporting and stakeholder briefings.
- **874-7 - Integrated Business Program Support Services.** Services under this SIN assist agencies in managing their mission-oriented business projects or programs and achieving mission performance goals. Services covered by this SIN include: all phases of program or project management, from planning to closeout; operational/administrative business support services in order to carry out program objectives.
